Report on Bangalore Tech Summit-2023

Name of the Department : BCA

Faculty Co-ordinator : Prof. Manoj Kumar N & Prof. Santhosh

Date : 12th Jan 2023

Venue : Bangalore Palace

Participants : BCA students

Introduction :

The Bangalore Tech Summit-2023 served as an illuminating platform for technological advancements, with a particular focus on the Bachelor of Computer Applications (BCA) students. Beyond the educational spectrum, the Exhibition at BTS 2023 emerged as the epicenter of excitement, offering exhibitors an unparalleled opportunity to showcase innovative products, services, and solutions to a global audience. As an exhibitor at the BTS Expo, one could gain unprecedented visibility and access to key stakeholders from Industry, R&D, and Governments. The event featured focused pavilions for different industry verticals, providing exhibitors with the chance to engage with a diverse audience of tech enthusiasts, investors, and decision-makers. This created a perfect environment for networking, forging strategic partnerships, and generating leads. The Exhibition at BTS 2023 was not just a showcase; it was a dynamic space where transformative technology and innovation converged.

Objectives :

- 1. Foster Collaboration:** Encourage interdisciplinary collaboration among BCA students to promote innovation and knowledge exchange.
- 2. Enhance Industry Relevance:** Align the BCA curriculum with industry trends and requirements to ensure graduates are well-prepared for the workforce.
- 3. Cultivate Entrepreneurial Mindset:** Introduce entrepreneurial concepts and skills to BCA students, fostering a spirit of innovation and business acumen.
- 4. Strengthen Research Culture:** Promote research-oriented thinking among BCA students, encouraging them to explore and contribute to advancements in computer applications.
- 5. Facilitate Networking:** Create opportunities for BCA students to network with industry professionals, potential employers, and peers to enhance their professional connections

Report on Drone Development

Date: 25/NOV/2023
Venue: BCA Computer Lab
Title: Drone Development
Participants: 10 Final year BCA Students.

Introduction:

In recent years, student-driven drone development initiatives have surged, embodying innovation and hands-on learning. These projects empower students to explore aerodynamics, robotics, and software engineering, fostering practical skills and creativity. Through competitions like UAVForge and participation in university research labs, students tackle real-world challenges, from environmental monitoring to disaster relief. Such endeavors not only cultivate technical expertise but also instill teamwork, problem-solving, and project management abilities. Student-led drone development exemplifies a collaborative spirit, pushing the boundaries of technology and inspiring the next generation of aerospace pioneers.

Objectives of the program:

1. Highlight the significance of student-led drone development initiatives.
2. Showcase the contributions of student projects to the advancement of drone technology.
3. Emphasize the role of student-led initiatives in fostering hands-on learning, innovation, and practical skills.
4. Explore the diverse applications of student-driven drone projects, from academic research to real-world problem-solving.
5. Inspire future generations of aerospace engineers and innovators through the achievements of student-led initiatives.

Key Takeaways:

Participants gained valuable insights and skills in the following areas:

- Student-led drone development initiatives play a crucial role in advancing drone technology through innovation and hands-on learning.
- These initiatives empower students to develop practical skills in areas such as aerodynamics, robotics, and software engineering.
- Student projects contribute to solving real-world challenges, ranging from environmental monitoring to disaster relief efforts.
- Participation in drone development projects enhances students' teamwork, problem-solving, and project management abilities.
- The success of student-led initiatives underscores the potential of young innovators to drive progress in the aerospace industry and inspire future generations.

BSc Students Paper presentation certificate on 'Environmental Governance 2022-23, in Central University Tamilnadu

 **CENTRAL UNIVERSITY OF TAMIL NADU** ③
Department of Economics, Thiruvarur, Tamil Nadu- 610 005
