Name of the Event : ECO-QUEST - workshop

Objectives:

- To create awareness regarding the Environment Sustainability and disposal of waste in right aspects
- To follow major 3R's - Reduce; Recycle; Re-use
- To create awareness regarding reduction in the use of plastic and harmful products which harm Environment

Rotaract club of Soundarya Institute of Management and Science organized a workshop on “*ECO-Quest: exploring R's Sustainability*” on 11th November 2023 at SIMS campus. The Resource person for the workshop was **Ms. Niveditha P Devadiga** who is an Assistant Professor, Faculty of Management & Commerce PES University, Bangalore. She was an esteemed environmental enthusiast and sustainability advocate. Her expertise and experience in promoting sustainability, zero waste living, and green periods make her an excellent choice as the ECOHOST at APD Foundation

The term Environmental sustainability is the ability to maintain an ecological balance in our planet's natural environment and conserve natural resources to support the wellbeing of current and future generations. Thus, as one single unit, it encompasses right from the collection, disposal, recycling, to which the processes of monitoring and regulation, respectively belong to, along with the legal frameworks that enable the occurrence of waste management.

Some of the major facts which were discussed are as follows:

- Disposal of waste in right aspects
- Follow major 3Rs - Reduce; Recycle; Re-use
- Shop eco-friendly products with reusable bags
- Say no to plastic
- Reduce Food waste

It was an interactive session and hands-on activities helped each of participants to gain valuable insights and skills that can be applied in their lives

Outcomes:

- Students got awareness regarding the wide use of plastic and non degradable products in house should be discouraged.
- Students got awareness on adoption of environmentally and socially responsible practices.
- Students also got knowledge relating to Bio-enzymes and its uses.

Report on Energy Literacy Training

Name of the Department: BCA

Date: 14-06-2023 to 20-04-2023

Venue: Classrooms, SIMS

Participants: BCA / BBA / BCom / BA/ BSc

Objectives:

1. To provide awareness on environmental issues
2. To gain knowledge on renewable energy
3. To understand the changes in climate.

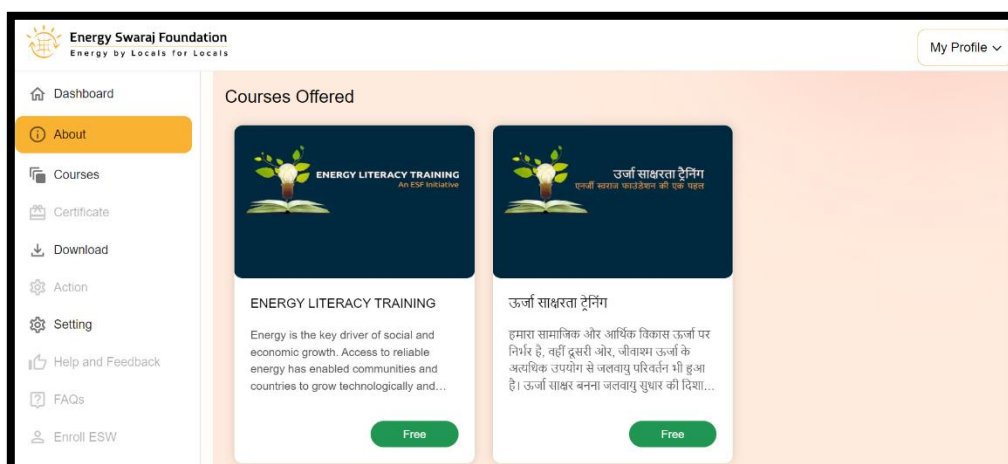

Brief event report:

The Energy Swaraj needs to be converted into a movement wherein millions of people start taking action towards climate correction. For it to become a movement, there has to be awareness among the masses, which should be good enough to encourage them to take action.

Energy Literacy Training (ELT) is one such program which has been proven to be effective in bringing awareness and encouraging people to take action. The ELT aims to provide energy literacy to our students, directly through online mode or through in-person training mode.

Overall, 500 students participated in the energy literacy training program and got certificate after completion of all modules.

Name of the Department : ROTARACT CLUB OF SIMS
Date : 28/10/2022
Name of the Event : Solid Waste Management activity
Event Coordinator/s : Ms. Sandhya.R

Objectives:

- To create awareness regarding the disposal of waste in right aspects
- To follow major 3R's - Reduce; Recycle; Re-use
- To create awareness regarding reduction in the use of plastic
- To create awareness about the disposal of E-waste responsibly

Rotaract club of Soundarya Institute of Management and Science organized an activity for members of Rotaract club on “Solid Waste Management” on 28th October 2022 at SIMS campus. Board of Directors of Rotaract club has taken the responsibility of creating awareness for the members regarding the proper disposal of waste

The term ‘Waste Management’ collectively means the management of waste from its inception to the final stage of disposal. Thus, as one single unit, it encompasses right from the collection, disposal, recycling, to which the processes of monitoring and regulation, respectively belong to, along with the legal frameworks that enable the occurrence of waste management. By doing it, the pros and cons that we face was explained in detail by the BODs

Some of the major facts which were discussed are as follows:

- Disposal of waste in right aspects
- Follow major 3Rs - Reduce; Recycle; Re-use
- Shop eco-friendly products with reusable bags

- Say no to plastic
- Reduce Food waste
- Dispose E-waste responsibly

There was also a task assigned for the members of Rotaract club where in they had to collect and dispose the waste according to the separation like Dry waste, Wet waste, Hazardous waste, Organic waste and E-waste whichever is available in SIMS campus.

Outcomes:

- Students got awareness regarding the wide use of plastic and non degradable products in house should be discouraged
- Segregating waste should be started form household level and the municipality should also segregate the organic in organic, hazardous and non hazardous wastes and dispose it separately which could protect environmental degradation.
