NEWSLETTER

VOLUME - 1 | ISSUE - 2 | JANUARY - 2021

VISION

To ensure quality higher education and to enable stakeholders to face the contemporary challenges of the world with courage, confidence and commitment.

MISSION

SET embarks on a journey full of educational and social commitments. SIMS is one of its offspring that takes up higher education as an opportunity to bring about a transformation in society and the way academics is being practiced today.

OBJECTIVES

- To disseminate knowledge and information useful for life and society
- To indiscriminately cater to the educational needs of all sections of society
- Educate young minds to inculcate socially beneficial habits, practices and moral values
- Develop analytical skills of the learners
- Orient teaching to the needs of changing time

QUALITY POLICY

We shall impart best holistic education to instill excellence and inculcate values which will suit the challenges of the competitive technology driven environment with continual improvement to make every student excel in scholastic and non-scholastic spheres with competency, commitment and compassion.

Dr. Suresh C Hegadi,
Principal SIMS

It gives me immense pleasure to unveil this latest edition of SIMS Newsletter for the academic year 2020-2021. I would like to congratulate the whole team of editors who have put in their sincere and dedicated efforts to compile this manual of the academic highlights.

Editors Express!

As we all know, this academic year was testing with regard to normal conduct of life and access to essential services like food, employment, hygiene, medical care, education and technology, especially for the underprivileged children and persons. Technology emerged as our boon during the pandemic and subsequent lockdown announced by the Govt. of India to curb the spread of coronavirus. As a result, virtual education became a reality in many Indian regions. Teachers did a tremendous job to keep in touch with their students as closely and frequently as possible to fill this vacuum of knowledge. In our view, Indian education system is likely to see a transition from predominant mode of classroom learning to blended learning as rightly envisioned in the National Education Policy (NEP) 2020. Needless to say, our Institution has already implemented

this blend to serve the student community at their convenience because a well informed society is normally a rational and humane society.

Our Institution is committed to minimize the divide between the possessed and under-possessed by ascertaining equal higher educational opportunities to deserving students. This year we even more strongly wish to carry forward this mission. In our perspective, this crisis has presented us with yet another opportunity to serve the humanity better.

Job Fair 2019-2020

Glimpses from the Job Fair_registration

Group discussion and personal interviews @Fair

Employment of the graduates is undoubtedly the prime focus of the Institution through its dedicated Placement Cell. We believe one of the most prominent objectives of education is to render our graduates employable in the growing organism of global economics and globalization. Students can utilize their skills and excel new heights in personal and profession life only through employment.

As a token of concern towards the students' professional life, the Institution held one day job fair at the beginning of 2020. It was attended by more than 55 leading and fresh industries and received over 1000 student registrations from the colleges across Bangalore.

Institutional Social Responsibility (ISR) Conclave

The institution organized an Institutional Social Responsibility (ISR) Conclave, in association with Peenya Industry, on 7th March 2020. On this occasion, Mr. Bhaskar Rao, Commissioner of Police, Bangalore City was the Chief-guest. In his address, he stressed the significance of social activities as well as involvement of students in community service to help build a healthy society. He also said that going beyond the classroom will help students understand ground reality in society. Such kind of practical knowledge can only be gained when institutions initiate ISR activities. Further, he shed light on the importance of reading, particularly the autobiographies of great personalities that teach us not to lose confidence in life whenever things go wrong. Such books offer us a sense of conviction and develop emotional intelligence to become more courageous in life to face eventualities. He congratulated the Institution on undertaking such a great initiative and wished good luck in its future endeavours.

Republic Day

This year's Republic Day of our great nation was held on 26th January 2021 enthusiastically and uniquely as students took active part in the celebration. The main theme was to pay our tribute to the healthcare workers working to secure the nation from covid19 devastation. Many of them laid down their lives while serving the citizens during the pandemic. Farmers and Teachers were also revered for their service for the cause of humanity. They are all our warriors in this moment of hardship. Students of various courses spoke about the dignity of the country and sang patriotic songs. In fact, their speeches focused on the distinctiveness of the nation. The event was honoured by Sri. Keerthan Kumar, CEO SET, Dr. Suresh C Hegadi, Principal SIMS, Heads of the various SET institutions, faculty and, non-teaching staff of the institution.

Live debate on Virtual Classroom vs. Real Classroom

It is difficult to argue whether the virtual classroom would fully replace real classroom in the near future for the fact that the human touch or bond between teacher and students is always irreplaceable. On the other hand, given the trend, it is rather impossible to conduct offline classes due to covid19 pandemic. To disentangle these complex phenomena, the faculty of the institution conducted an online debate on the above aspects on 23 May 2020. The conclusion of the debate was that neither virtual nor traditional classroom is alone solution to meet the order of the day. It is their blend that serves as the solid via media. It received an overwhelming response from the students and faculty of various colleges across India. Queries raised by the audience were also addressed by the experts during the programme.

Is Virtual Classroom Replacing Real Classroom ...?

Mrs. Ramya S., Placement Officer SIMS, along with SIMS faculty Prof. Koushik D R, Prof. Lokesh, Prof. Shivakumar Ganachari, Prof, Girisha during the live debate programme

Nethaji Shubhas Chandra Bose Jayanthi

Nethaji Subhas Chandra Bose is known as one of the most rebellious revolutionaries ever born in India. His contribution to the independence of India is enormous. He was very energetic person who did not leave any stone unturned for the liberation of India from the clutches of the British. We can proudly set him as our role model and work towards success with immense self-esteem. Precisely, Nethaji Subhas Chandra Bose was a true patriot who was born and died for the nation.

Along with the known qualities of the Nethaji, the keynote speaker of the event Prof. Basavaraj Okkunda, Department of Kannada, revealed to us many of his lesser known qualities and facts. On this occasion i.e., 23 January 2021, Prof. Girish and Prof. Shivakumara Ganachari encouraged the listeners by recalling many important events of Subhash Chandra Bose's life. "Tum Mujhe Khun Do, Main Tumhe Azadi Dunga" was the slogan raised by the Nethaji which showed his national fervour and devotion. Later, Mr. Keertan Kumar, CEO SET, inspired the audience through his speech by making an appeal to adopt the principles of the Nethaji in our life to succeed both in institutional and personal spheres of life.

icious hands of dignitaries

From left Prof. Basavaraj Okkunda's mesmerizing and thought-provoking speech at the event, and Mr. Keerthan Kumar's motivational speech

Swami Vivekananda Jayanthi

Swami Vivekananda to date has been one of the most genius personalities of the nation. Every Indian is proud of him. He secured for India a respectable place on the global platform. This year's theme of the event was to unravel Swamiji's contribution to the field of science. This aspect of Swamiji's life has been ignored very much and not known to many. Therefore, this was fixed as the theme of the programme.

This event held on 12 January 2021 turned out to be an eye-opener for many of us when the speakers talked about immense contributions made by the Swamiji in the field of science. Prof. Basavaraj Okkunda and Prof. Girisha spoke on the theme and enthralled the audience with their great readings and knowledge of the life of the Swamiji. "Vivekananda's thoughts have scientific perception and analysis influenced world's developed countries. The high values of Indian spiritual heritage were told by him in various countries around the world, including America and Europe", said Prof. Basavaraj Okkunda. With the help of his Vedantic knowledge, Swamiji explained how energy and matter are interdependent in relation to space and time. Swamiji always amalgamated science and spirituality with cosmic energy.

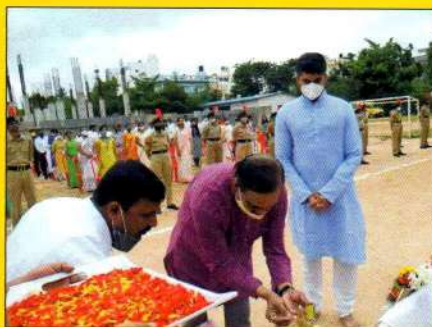

Principal Dr. Suresh Hegadi, Prof. N B Shighihalli, Prof. Lokesh A, Dr. Prahlad Reddy inaugurating the event

Azadi Ka Amrit Mahotsav- 75th Independence Day

Institution cheerfully and enthusiastically celebrated the 75th Independence Day today i.e., 15th August 2021. Proudly, this year's Independence Day marks the Diamond Jubilee celebrations of our great Nation and is being celebrated as Azadi Ka Amrit Mahotsav across the Country.

The joyous celebrations were graced by the auspicious presence of Mr. Keerthan Kumar, CEO of SIMS, Dr. Suresh C Hegadi, Principal of SIMS, and Mrs. Renuka Devi, Principal of Soundarya Central School.

Elegance of the whole event was ascertained by Dr. Harish PM, PED and NCC Officer, Mr. Ashok and Mr. Samuel, Sports Trainers-Soundarya Central School, and Prof. Somasekharappa, NSS Officer.

Dhanavantri saplings plantation on campus

Dhanavatri-To enrich its existing flora, the institution undertook the plantation of dhanavantri saplings on the campus on 18.8.2021. This specific variety of saplings is popular for its medicinal properties. On this occasion, the NSS Officer expressed his sincere thanks to the NSS students, Principal and CEO for making this happen.

Webinar-Uninfluenced mind: A Glorious Life

His Holiness Swami Nirbhayanand Saraswathi, President of Ramakrishna Vivekananda Ashrama, Gadag & Bijapur, Karnataka, blessed all the participants through his exceptionally thought-provoking talk delivered at the webinar Uninfluenced Mind: A Glorious Life held on June 17, 2021. The guest speaker shared the ways to stay uninfluenced in the midst of crisis with the help of spirituality. Such an outstanding event was enjoyed by the participants not only from India but also many countries across the world.

Don't just pick a Degree, Choose a Career!

Don't just pick a Degree, Choose a Career, a Virtual Meet, was held on 13-6-2021 to address all the FAQs about degree courses and career opportunities. Heads of all the Departments responded to the FAQs by students and parents concerning a specific course they were interested in. Much emphasis was laid on the career opportunities available upon completion of a specific degree programme.

This highly interactive session helped the students and their parents in terms of enrolling for a course of their choice along with prospective career opportunities. In turn, the institution also realized the aspirations and career preferences of the potential candidates.

Ways to Improve your Financial Health

Ladies Club of the institution organized the webinar titled Ways to Improve your Financial Health. It was addressed by Mr. Aiyappan, CFA, FRM, on 28th May 2021. The speaker discussed various possibilities to improve one's financial health affected by covid19 and during the subsequent lockdown period. Students and faculty from various colleges from across Bangalore and Karnataka participated in this programme.

International Yoga Day

SOUNDARYA
INSTITUTIONS

Invites you all to participate in
Facebook Live Yoga Session
On Sunday June 21, 2020 at 7a.m

International Yoga Day through digital mode

21 June 2020 was celebrated as the International Yoga Day in the institution. Yoga is our culture. It is the ancient science of maintaining one's health, both physical and spiritual. Studies have proved that various yogas are extremely essential for success and achievement in life. In this light, to raise awareness about health through the practice of various yogas as well as to honour our Indian heritage, the institution aired a yoga workshop via facebook.

The audience responded with great happiness and followed the event throughout. Particularly, during the pandemic situation like the present one the event was very relevant for the reasons like social distancing as well as increased stress levels of the young, adult, men and women due to lockdown. So, it had a high social edge. The Yoga Trainer of Soundarya PU College demonstrated and guided the audience on a number of yogic practices. The link to the video: <https://fb.watch/4IYJU0yQr/>

Yuva Fiesta

An intra-collegiate Fest called Yuva Fiesta was arranged on 12th February 2021 by the Student Council. The campus was all decked up to host its fresher and make them feel at home. These fests not only bring out the hidden talents of every student but also leave a lot of memories to be cherished for the years to come.

There were many competitions and cultural activities that were organised. It was our privilege to have Mrs. Shailashree Sudarshan, a well-known Kannada actress from the 70s, who shared her experiences. It was nice to see such a humble person in today's era. The "RAP KANNADIGARU", Mr. K.J. Kevin and K.J. Jeevan, got everyone on their feet with their scintillating numbers. A young model and fashion designer – Varshini Janakiram lit up the event with her charm.

Yuva Fiesta, the platform, helped us find our gems, who are unrivalled in their fields. The various competitions and events that took place were: Group Dance, 60 seconds to Fame, Solo Dance, Mimicry, The Voice – Antakshari, Mr. and Ms. Fresher, Games of Thrones, Solo Songs and Fashion Show. Thus, the event gave a perfect start for the beginners and the year 2021.

A Powerful Mind-Motivational Talk-Prof.Lokesh G A-SIMS

Motivational Talk on A Powerful Mind

Prof Lokesh G Angadi, Assistant Professor of Commerce, SIMS, delivered a motivational talk on A Powerful Mind. The programme was organized online. The speaker spoke on the importance of balanced and healthy mind to have a healthy life. Weak minds cannot do anything but bad. For this, he gave references from both Indian mythology and current scenario around us.

He also talked on the ways to improve

our mental health, for example meditation. Meditation is, he advised, the best remedy for mental stress and tension for both working professionals and students. We, unfortunately, take our spiritual health for granted and land ourselves into trouble. To keep such situations at bay, we must start prioritizing needs of our mind to be happy and healthy and enjoy the life to its fullest. It was a spiritually enriching experience for everyone to listen to this online event.

Awareness raising programme Precautions and Preventions during Pandemic

Department of Languages and Business Administration, in association with IQAC, organized a programme on Precautions and Preventions during Pandemic on 22.4.2020. It was headed by Dr. Keshav, Professor, KIMS, Bangalore. It is necessary for teachers to stay in touch with their students to fill out this vacuum of knowledge emerged due to covid19. Prior to that, it is extremely important that the

teachers themselves feel mentally and physically energetically to motivate their students. So, this awareness raising guidance by Dr. Keshav educated all the teachers on the importance of hygiene to tackle coronavirus and utilizing time to innovate and create teaching materials for students. Tips to not only keep away from covid19 but also to recover from it were shared during the session.

e-interaction with Dr. M.K. Sridhar on impact of pandemic on education

An interaction with Dr. M. K. Sridhar, a renowned educationist, to discuss new trends in education was initiated on 20 April 2020. It was attended by all the faculty of all SET institutions.

Dr. Sridhar mainly spoke on two aspects of the scenario, namely Impact and Response. Impact of covid19 and subsequent lockdown on Institutions, students, faculty members, parents and overall environment was analysed and shared. He categorised the Impact into

three categories: 1) Immediate Impact 2) Short Term Impact 3) Medium Term Impact. As an experienced educationist, he explained the above impacts with relevant examples. Motivating all of us he then spoke on the Responses received to the above impacts. He advised us to see opportunities in challenges, as in each of the impacts and mentioned systems which can be adapted to overcome the current scenario. Overall, it was an insightful conversation between Dr. Sridhar and the faculty members.

NCC_Guard of Honour Drill

NCC cadets are always ready to do their best over land, on sea and in the air because they are NCC cadets."

Our NCC students impressively performed the 'GUARD OF HONOR' drill & march in the month of February 2020. It was really a proud moment for the audience to witness such a grand show by the NCC cadets achieved through hard training sessions and dedication. No doubt, they would join one of the armed forces of Indian defence service in the days to come. Girl NCC cadets were equal in number with the boys.

At the end of the drill, our beloved CEO sir and our respected Principal sir gave away B-Exam Certificates to the NCC cadets.

Virtual workshop on Drug Abuse and Prevention

The Institution held one day national level online workshop on the ways to keep drug addiction at bay and its preventive measures on the occasion of NSS Day, i.e. 24.9.2020. Dr. K.R. Venugopal, Hon. VC of Bangalore University, chaired the inaugural session. Dr. Gananath Shetty Yekkar, State NCC Officer, and Sri. Soundarya P Manjappa, Chairman SET, were the chief guests for the programme. Welcome and keynote address was delivered by Dr. N. Sathish Gowda, NSS Programme Coordinator, Bangalore University. Dr. Harish P M, Physical Director, was the coordinator of the event.

Session 1 of the workshop was addressed by Dr. P.Puneeth, Associate Professor of Law, JNU, New Delhi. He spoke on Combating Drug Abuse through Criminal Law: An Overview of NDPS Act, 1985. This session concerned with an overview of the said act along with contrastive analysis of the same acts of other countries.

Session 2 was led by Dr. Anjanappa T, MBBS, MS-General Surgery & Gastroenterologist, Bangalore. He spoke on Drug addiction: devastation of young generation. This speech was full of anecdotes and everyday observations, therefore very lively.

International Mother Language Day

One's mother tongue is one's immediate identity. Linguistic diversity is an essential element of overall diversity of a nation or region. In this light, to promote the development of all the languages of the world, February 22nd is observed as the "International Mother Language Day". It was first announced by UNESCO on November 17, 1999. This was formally recognized by the United Nation General Assembly with the adoption of UN resolution in 2002. On 17th November 2021 the student council team [Daksha] of the institution effectively shouldered the responsibility of smooth conduct of this event. It was our great honour to have our principal Dr. Suresh C Hegadi Sir as the president of the programme. All the faculty members encouraged the students to have tolerance to the languages of fellow citizens. Some of the students who participated in this event talked about their Mother language.

Padmashree awardee Ms. Tulsi Gowda felicitation

Ms. Tulsi Gowda, Padmashree awardee, was honoured and felicitated at the institution on 9th March 2021 for her efforts in keeping the ancient forest heritage intact and alive. She is also known as the Encyclopaedia of Forest for she possesses immense amount of knowledge of the herbs and plants. She has planted and looked after thousands of trees and plants in the last sixty years. It was our honour to have her and felicitate her. In turn, she motivated the students to preserve biodiversity and lead a natural life. It was a very delightful and informative event for all of us.

International Women's Day

SIMS-Ladies club in association with SIQAC & student council celebrated International Women's Day on 8th March 2021. Dr. Aishwarya S.V., Medical Officer BBMP, was the chief guest. On this occasion, the institution honored the chief guest for her services in the Covid-19 crisis. Institution also honored Prof. Gayathri Devi, Hindi faculty, and the Alumni from various domains. The alumni felicitated included Ms. Madhushri (for Academic Excellence), Ms. Vanishree (Best Entrepreneur), Ms. Ramyashree & Ms. Vaibhavi (Sports Achievers) and Ms. Tejaswini (Successful Career Woman). In addition, an honour to all the faculty

members for choosing a challenging career - moulding students to a better life was given as a token of recognition. The celebration ended with few cultural events and activities by the students.

Students of various departments spoke on the theme "Choose to Challenge". They spoke about the challenges faced and tackled by the women from various sectors. Particularly, during the pandemic women confronted various issues. Employed women had to encounter dual challenges of family management and their job requirements. It was a very proud moment for us to listen to our students speaking on the current issues.

World Social Justice Day

February 20th is observed as the World Social Justice Day. The student council team (DAKSHA) on this day organized an event called "Social Justice in Digital Economy", the theme proposed by UN for 2021. It was a great honor to have Ms. Pria Makanda (Practicing Advocate at the High Court, Karnataka) as our chief guest for the event. Ms. Makanda shared her views and brought about a lot of awareness amongst students with respect to social justice as a fundamental right of every individual irrespective of their identity across the world. Students realized that they need to be rational while dealing with the people from across the socio-economic sectors of their society.

To motivate and inspire the students, there were competitions held (poster making, video making) where we received an overwhelming response. Some of the posters could be seen in the photo gallery of the event. It was an illuminating experience for all the participants.

Covid19 Awareness Programme

The institution, on 22 January 2021, conducted a Covid19 awareness programme in association with Bhagawan Buddha Homoeopathic Medical College and Hospital, Bengaluru.

Dr. Sebastain Prabhakar, Principal, addressed and interacted with staff members. In his address he stressed that Homoeopathic medicine plays a vital role in preventing Covid19 infection and that the WHO has acknowledged the significance

of Homoeopathic medicine in developing immunity among people. He appealed to the staff to kindly inculcate in their life the practices and home remedies like drinking warm water, using the neem leaves and turmeric powder in washing hands rather than chemical sanitizers available in the market.

Dr Suresh Hegadi, Principal SIMS, Shri Varun Kumar Trustee SET, and staff members were present for the program.

Department of Commerce (Undergraduate & Postgraduate)

Department of Commerce (Graduate) is the leading department of Institution in terms of both academic success and placements. Fundamentals and ethics of businesses remain the prime focus of classroom teaching. Most importantly, students are motivated to involve in off-classroom engagements like field visits, intracollegiate and intercollegiate competitions and events. Such events give them enough exposure to the issues of concern and importance, meet individuals with different perspectives

and impacts, and finally groom their own personality owing to the contextual requirements.

Department of Commerce (Post-graduate) has been pioneering in the area of social impact. Besides specializing students in advanced skills of commerce, the department has conducted a number of outreach programmes, extension activities and community service initiatives to bring hopes in the lives of the underprivileged. At this level of academics, experiential

learning is the preferred method of teaching. PG students turn out to be a very handy resource for learning for the UG students. Recently, teachers and students have realized the scope and challenges of traditional versus digital business due to Covid19 pandemic.

Following is a list of programmes and events/webinars organized by the Department in question.

e-lecture on Clinical Approach to Diagnosis of Cyanotic Congenital Heart Disease

The department held a virtual guest lecture in order to raise amongst our students an awareness about the heart diseases and their diagnosis held on 2nd June 2020. This was organized in association with IAP, Bangalore & IAP-KSB and delivered by Dr. I. B. Vijayalakshmi, MD, DM, DSc, FICC, FIAMS, FIAE, FICP, FAMS, FISH, FRCP (London) and Professor Emeritus, Paediatric Cardiology, PMSSY Hospital, Bengaluru Medical College and Research Institute. Undoubtedly, it was a very invaluable session where students learnt the importance of the health of heart, its functions, and how to keep it away from any damage.

Webinar on Reinventing in Lockdown

Webinar on "Re-inventing in Lockdown" was hosted on Jun 2, 2020 for both the students and faculty. The resource person for this event was Mr. Ankit Kumar, Regional Training Manager-Sales at Vedhanthu. He guided the students along the lines of making the most of the time available for them by investing in various innovative techniques of e-commerce and sales. Students realized that the business is not all about one method and only financial growth. It is much more beyond that. They started sharing their own ideas to overcome financial crises during the situations like the present one posed by the pandemic of covid19. Such students were motivated by the faculty, fellow students and the resource person to keep the good work up. It was a very lively programme.

National webinar on Road to Success with reference to Jack Ma Life Story

The Department, in association with IQAC, organized a webinar on the topic "Road to Success with reference to Jack Ma Life story" for faculty and students on May 21, 2020. Mr. Sagar U S, Founder of Stocktale and Motivational Speaker, made a detailed presentation on how to succeed in life considering the story of life of Jack Ma, who is the founder of the Alibaba Company. He demonstrated how exactly Jack Ma has become a successful businessman in the world today. His hardwork, perseverance, determination and resolution have paid off. Prior to this, he also illustrated how Jack Ma hit upon this plan of launching Alibaba and then never looked back. Setbacks and challenges are part of business as well as life. This was well realized by Jack Ma and therefore he never gave up his mission or dream and went on scaling great heights in his professional and personal life. This session was very motivational and ended on a very high and intense note of optimism and hope to create a better tomorrow for everyone.

Virtual session on Managerial Skills and Spirituality in Management

The Department and IQAC jointly held a webinar entitled Managerial Skills and Spirituality in Management for the faculty and students on 31.10.2020. Dr. Mahendrappa was the speaker for this online event. He put forward a detailed comparative analysis of the relation between managerial skills and spirituality in management. He also spoke on different management roles which often include the responsibility of managing projects, leading a team of people or a combination of both. When an employer promotes or hires one for a management position, they trust them to make important decisions and help build and execute plans that will affect company outcomes.

The programme was very much enjoyed by both the faculty members and students. It was a very insightful session.

State level e-seminar on Better World for Children

The department had a state level webinar on the Better World for Children on 6 June 2020 for both the students and faculty on Zoom platform. This day is celebrated as the International Innocent Children's who have been victims of aggression and abuse. To raise an awareness on the rights of children and our duties towards their happy childhood this programme took place. Good childhood guarantees good future and adulthood. For this reason, it is everyone's responsibility to take a step further to ensure a safe and secure childhood for children. Mostly, children become victims of child abuse and child labour which are inhuman practices. To eradicate them, this programme intended to spread knowledge of the situation amongst students and sensitize them to this.

Accolades

Department of Commerce and SIMS are immensely proud of our student Ms.

Madhushree. M, who was honoured with Gold Medal at the 54th Bangalore University Convocation for securing highest number of marks in the subject Cost Accounting in the examinations conducted by the University on April 2019. The Management, Principal, Faculty Members & Students wholeheartedly congratulated her on her exceptional achievement. We are all proud of you!

Our Department student Mr. Vinay Kumar has been awarded with Gold Medal in the best sportsmen category at the 54th Bangalore University Annual Convocation on April 2019. Congratulations on your success, you have made us all proud. The Management, Principal, Faculty Members & Students wholeheartedly congratulate you on your achievement.

Webinar on Power of Youth to Bring about Positive Change in Society

On 8th July 2021, the department conducted a webinar Power of Youth to Bring about Positive Change in Society. Mr. Venkatesh Murthy, Founder & Chief Mentor- Youth for Seva- was the guest speaker for the event. The speaker shared that the young Indians play a very vital role in bringing about a positive change in the society around. Prof. Lokesh G Angadi and Prof. Nagashree Pujari were the faculty coordinators.

Guest Talk on Older Workers in Ageing Society

The Department of PG Studies in Commerce conducted a virtual Guest Talk on Older Workers in Ageing Society on 23 April 2020 which was delivered by Dr. Benjamin, Asia Pacific University, Malaysia. The event was focused on knowing the status of older workers in society during the coronavirus pandemic. The economic impact of retrenchment of older workers proved to be negative and hence the society is termed as an ageing one. A good number of students participated along with the faculty from various institutions. Entire event was conducted smoothly and effectively with the cooperation of all the departments.

Online Guest Talk on Post COVID-19 Digital Transformation of SMEs was organized on 29 April 2020. Dr. Mudiarasan, Dean- Business Technology, University of Cyberjaya, Malaysia, was the speaker for the day. The event was intended to update on digital transformation of SMEs in the post COVID-19 period. The use of technology proved to grow tremendously in the post-COVID period almost in all the sectors along with SMEs. It was a very meaningful event.

Hop into your future with an Innovative Mindset!

The webinar Hop into your future with an Innovative Mindset! took place on 15th December 2020 and was led by Mr. Naveen Lakkur, Chief Innovation Coach, Institute of Inspiring Innovation. The event was meant for the students, who are eagerly waiting to start their new career after graduation. This event was a grand success. Dr. Haritha M, Assistant Professor, PG Coordinator, SIMS, convened the programme.

Banco Life - Career Opportunities in Banking Sector

The webinar titled Banco Life - Career Opportunities in Banking Sector was organized specifically for the students, who are eagerly waiting to start their new career after graduation in banking industry. Keynote address was delivered by Mr. Kevin Varsani, CEO-Saffron Polymer PLC, Ethiopia. A good number of students participated along with faculty members from various colleges. It was conducted on 18.12.2020.

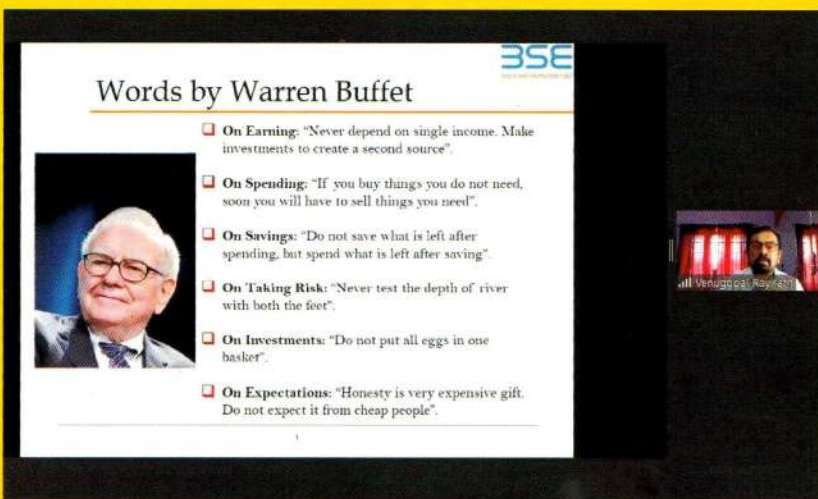

Alumni Meet 2020

The Department organized an alumni meet for 2015 batch students on 30 December 2020. The alumni belonged to distinct professions like corporate, teaching, government sector and law. All the alumni shared their valuable experience as students of SIMS PG Department. Also, there was a healthy interaction between the alumni and current students.

The Institution looks forward to continuing this fruitful mutual relationship among the alumni, present students & institution at large.

Say Hi to the Capital Markets-An Awareness on the BSE Capital Market

Words by Warren Buffet

- On Earning: "Never depend on single income. Make investments to create a second source".
- On Spending: "If you buy things you do not need, soon you will have to sell things you need".
- On Savings: "Do not save what is left after spending, but spend what is left after saving".
- On Taking Risk: "Never test the depth of river with both the feet".
- On Investments: "Do not put all eggs in one basket".
- On Expectations: "Honesty is very expensive gift. Do not expect it from cheap people".

On 10 February 2021, the department held a webinar Say Hi to the Capital Markets- An Awareness on the BSE Capital Market. The event gave insights into the Bombay Stock Exchange and the best strategies to invest in stock market. A good number of students, academicians and corporate professionals participated in the webinar. Mr. Venugopal Rayirath, Senior Associate, LKW, was the speaker at the event. Also, the speaker very clearly spelled out the proportionate relation between the earnings, spendings and savings.

Alumni Meet 2021

Department arranged an alumni meet for 2018-2019 batch students on 18 February 2021. The department teachers and HoD were proud to know that their students have been successful. It was also exciting to know that all of them had taken up different careers as part of their life. Finally, the alumni also guided the current students of the department in terms of career choices and opportunities available as well as how one could develop the society around.

Value-added Courses

During the alumni meet for 2018-2019 batch students as well as the fresher's day celebrations on 18 February 2021, DR. Haritha M, PG Coordinator, introduced all the first year M.Com & M.Com (MFA) to a range of value added courses (VAC) available in the institution. These VAC are divided into two categories: Government Platforms like-SWAYAM, AICTE, NPTEL & CEC, and the Private Platforms like- Business Analytics, Google Analytics, Gateway to BFSI Sector, Beginners to IFRS & Beginners to GST.

It was an eye-opening programme.

Department of Business Administration

The Department excels in giving hands on knowledge of various management skills to the Management aspirants. It currently offers two courses, namely BBA (Regular) and BBA (Aviation Management). Going beyond these necessary requirements, the Department consistently familiarizes its students to the desirable skill sets like leadership, communication, critical thinking and innovation. Faculty members are well-equipped to address needs and challenges of the changing time around the world and build students accordingly. The Department emphasizes entrepreneurial skills amongst its students.

Due to Covid19, businesses, particularly aviation sector, witnessed a sharp fall in its demand and operations. Both BBA (Regular) and BBA (Aviation) departments have taken these contemporary challenges as a learning experience and constantly devise new ways to tackle such unforeseeable hazards. Following are some of the important events and programmes conducted by the Department.

Alumni Meet

Greetings from SIMS! Hope all of you are Safe and Good. SIMS wants to Re-connect to Re-create the memories that you spent with your near and dear ones at the Institute.

Dear Students,
You are invited to attend the Alumni Meet on **27th of March at 9 AM**, venue is the College Campus, in **OCARINA**. please make it convenient to attend this Alumni Meet. Looking forward to seeing everyone on campus.

Principal Management

Alumni Meet

Legacy is our identity. We see our progress when we look back at the difference we made in the lives of our students and subsequently in society. To connect back with the former asset of our institution we organized an Alumni Meet on 27th March 2021 in Ocarina. This meet was mutually beneficial where the ex-soundaryans were briefed about the developments in the institution after they had left the campus for good reasons. Then, the alumni were asked to share their views and suggestions for further enrichment of the institution, particularly in the area of placement. They were encouraged to guide and support the present students studying in the campus.

It was such a wonderful display of reciprocation of ideas and thoughts between the present and past students of the institution! The latter freely raised their queries with respect to employment opportunities as well as real life relevance of the course they are pursuing. The former then affirmatively and realistically answered the queries. A shared platform to connect both groups of students on a regular basis was also discussed during this meet.

e-panel discussion on Atmanirbhar Bharath's realistic nature

The Prime Minister of India has a vision to end poverty, intensify border security and enhance the digital development of the programme. Even 2021 Union Budget made a mention of the phrase Atmanirbhar Bharat, translated into English as Self-reliant India. Through this initiative the PM and Finance Minister wish to make India independent by limiting foreign interference or dependency. In this light, to critically analyse the challenges in the way of this initiative, an online debate was held by the institution. Practical obstacles and other opportunities for this programme were also discussed at length by the panellists, the faculty members of the departments of Commerce and Management on 30th May 2020. They opined that this 30 lakh crore stimulus package under the Atmanirbhar Bharath will promote wellbeing of farmers, MSMES and aspiring entrepreneurs. Some panellists were of the opinion that this initiative is not practical. All that apart, the programme was really informative for all to understand the challenges and opportunities of this very mission.

Sims Soundarya Institute of Management & Science was live.

Is Atmanirbhar Bharath realistic ?

Redefining Strategic Planning for Sustainable Growth during the Crisis

The department convened an international webinar on Redefining Strategic Planning in relation to Crisis on 23rd December 2020. Dr. Jawahar Suriseti, Academic Advisor, Government of India, delivered the keynote address with respect to visionary strategic planning by predicting the unpredictable and remote challenges. It really was a privilege to listen to such an experienced stalwart in the field of academics. Technical session, of the webinar, titled Building Entrepreneur Ecosystem in Indian Higher Education was led by Dr. Vishwanath Kokkonda, PhD, Digipreneur Author and Award Winning Coach, London. He shared valuable insights into how exactly we can realign the priority of the the Indian Higher Education along the line of producing more number of entrepreneurs. He talked about the ways to stimulate entrepreneurial approach and skills among the Indian graduates and postgraduates. The webinar received an overwhelming response and the certificates were given to all the participants.

Professionalism Among Faculty Members In Higher Education

One day national level webinar titled Professionalism Among Faculty Members in Higher Education was held on Monday 24th May 2021. The keynote address was delivered by Dr. Anitha H S, Professor and Registrar-Evaluation, Davanagere University, who shared how professionalism is dying among the faculty members in HEIs and the ways to intensify it. It was a very thought-provoking programme.

Prof. Jayanthi Bai HL was the resource person for the day 2. She discussed various stages of professionalism and procedures to be followed to uphold the same in our personal as well as professional lives.

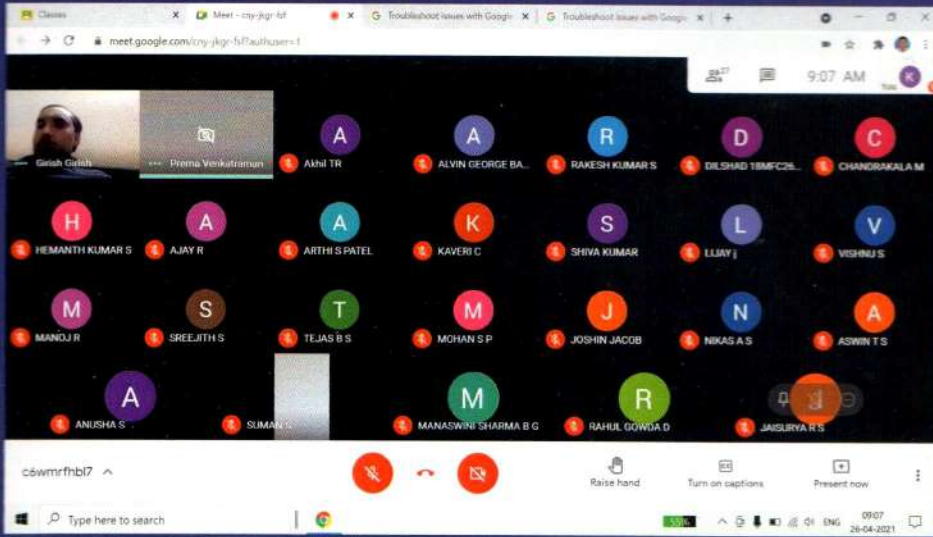

Organizational Transformation - A Knowledge Management Approach

International webinar Organisational Transformation: A Knowledge Management Approach was conducted on 30th July 2021. The inaugural and keynote addresses were delivered by Dr. Rupa Gunaseelan, Director i/c and Professor, Bharathiar School of Management and Entrepreneur Development (BSMED), Dean of Social Sciences, Bharathiar University. She explained a range of knowledge management systems with the examples of Wipro and many other renowned companies.

Mr. Santosh Sekhar, ISO 30401 Accredited Knowledge Management Auditor and Certified ICEE-US, Muscat, Oman, was another resource person who emphasised

on knowledge management and its contribution to the transformation of an organization. More than 1100 members registered for the webinar from various parts of the country and world.

Capacity Building Week

One week Capacity Building activities were organized for the final year students through 26th April 2021 to 1st May 2021. The resource persons were in-house faculty members who helped the students to choose their careers, explained them the prerequisites of career building and overall development of a student. Communication skills, entrepreneurship, attitude and leadership, corporate culture, grooming, basic etiquettes and logical reasoning were some of the topics covered during this event. After this one week long programme students gained confidence in terms of subject and soft skills.

Extension Activity

As a part of Extension Activity, the department has launched two help-lines, which are available for all the students and their parents for immediate contact with regard to medical attention and video consultation with Dr. Ganesh Pratap and Mrs. Sugami Ramesh, and their associations. The students, their parents and relatives appreciated this initiative.

Honouring the Lady Teacher

The faculty members of the institution honoured the senior-most Lady Teacher Mrs. Susheela, emeritus teacher and mother of the Education Minister Shri. Suresh Kumar, on the occasion of Savitribai Phule Birth Anniversary i.e., January 3, 2021. This has been the culture of the institution to honour the dedicated citizens of the nation.

e-quiz on Prime Minister's Self-reliant India

The department conducted an e-quiz from 27.05.2020 to 25.6.2020 for the students of various institutions across India in order to spread awareness about this campaign initiated and undertaken by the Government of India. Some of its goals included: to test the knowledge of the Indian students about the recently announced self-reliant move, to build capacities across sectors and promote the policy through awareness, and to aware the remote area population about this initiative. The quiz was taken by 25000 participants who received certificates after successful completion.

e-Panel Discussion on Pandemic Crisis and its impact on Indian Education

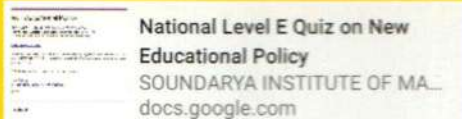

The Department, in association with Internal Quality Assurance Cell, organized an online panel discussion on Pandemic Crisis and its impact on Indian Education on 16th April 2020.

Shri. Kiran Bettadapur, who is an engineer, advocate, CS, investor and entrepreneur, was one of the panellists. In his observations he stressed that the pandemic crisis has truly created an opportunity for every Indian to explore his or her talents in the respective field. Objectives of this discussion were: to figure out new routes of teaching and learning during the pandemic, to remain focused on the core values of education, effective use of technological tools for outstanding content delivery, etc. It was mutually agreed that blended learning would be become of the norm of teaching and learning in the near future. Online learning is expected to become a strategic priority at every Indian institution. Thus, it was a very fruitful discussion among the panellists and teachers.

National E-Quiz on New Education Policy 2020

The department undertook an awareness campaign on the draft and provisions referred to in the new education policy of 2020 through a national level e-quiz from 18.8.2020 to 15.9.2020. Primary intention of this initiative was to inform all the stakeholders like students, teachers and parents about the changes made in the Indian education system by the NEP of 2020. It also aimed at identifying the major changes that occurred in the NEP in comparison with the existing policy as well as to elicit feedback on it from the stakeholders. This quiz was taken by over 12000 stakeholders across India. All the participants were given away e-certificates

Mock Interview

Mock Interviews were organized to ready the students to face job interviews confidently on 20 July 2021.

For financial literacy among students, the Department signed an MoU with Kalam Center on January 20, 2021.

For skill development of the students, the Department entered into an MoU with the ISDC (International Skill Development Corporation) on 11 June 2021.

e-Quiz on General Aptitude

Keeping in mind the necessity of "Updating knowledge, re-thinking the process of General Aptitude and Logical reasoning skills of Learning", the IQAC launched an e-quiz on general aptitude and logical reasoning skills test during the lock down period on account of coronavirus pandemic. This e-quiz received prolific response from student and faculty participants from various institutions across India. E-certificates were made available for the participants who completed the quiz successfully by answering a set of required number of questions to qualify in the quiz. This initiative helped us keep students and academics engaged in the time of crisis with the aid of technology. Many students and competitive exams aspirants participated in this e-quiz.

About This Website

Departments of Computer Science, and Pure Science

Departments of Computer Science, and Pure Science are at the forefront of finding a fine fusion of classroom learning and practical learning to confront contemporary challenges in the world to not only save but also prosper human lives. Computer Science department specializes students in BCA. Applications, Networking and Security are the highlights of this course. Pure Science department offers B.Sc in Physics, Chemistry and Mathematics.

In relation to Covid-19, these departments have gained immense importance as technology became inevitable during work from

home and social distancing norms, an science played an invaluable job through studying the behaviour of the coronavirus, providing protective measures and finally finding out a solution to it i.e., treatments and vaccines. If not for science and technology, the humanity would have collapsed even more exponentially.

Naturally, these departments have conducted immense amount of events and programmes during the past academic year, which was dominated by the covid19 pandemic. Here we present highlights of those.

Colloquium 2K21

On the occasion of National Science Day celebration, the Department of Science in coordination with the Department of Computer Science and IQAC, and in association with CSI and ICT Academy hosted the Colloquium 2K21 on 27th February 2021. Chief Guest and Keynote speaker: Mr. G Venkatesh - Head Academic Operations, ICT Academy. Guest of Honour & Panellist - (a) Ms. Priya Madhavan - Cyber security specialist (NASSCOM), (b) Dr. V. Nagaveni - CSI member & Professor (AIT) (c) Mr. Dilip Muralidharan - Senior Technical Instructor (Splunk) (d) Dr. Yong Wong Jonathan Kim - Prof. & Coordinator (CDI-CHRIST (deemed to be university)) (e) Dr. Ashwini K.B - Professor (RV Engineering College) (f) Mr. Santosh Kumar (Entrepreneur - accelstack & Alumni 2017 batch) were the speakers in the colloquium who guided students on the trends and tools in science and technology in the developing world.

The speakers, well-versed in their respective field, mesmerised the audience and enriched their knowledge in diverse areas of science and technology. The programme was attended by all the students of both the departments along with interested students of other departments of the institution.

Science Day Celebration and Exhibition

On the occasion of National Science Day celebration, the Department of Science, Department of Computer Science, Department of Business Administration and Student Council in association with IQAC had organised SCIENCE EXHIBITION from 25th to 27th February 2021 along with COLLOQUIUM 2K21 on 27th February 2021 where students took active participation in all the events.

Students of Science and Computer Science departments demonstrated their skills by applying theoretical knowledge to real life situations. They

came up with new devices to curb pollution through recycling of plastic, hackers-free browsing experience, accident-free vehicles and the like. Students of Business Administration showcased various ideas of how airline operations take place and how to improve them further for better services with improved security. Department of Commerce students applied different accounting and calculation techniques that help enhance the user experience of various technological advancements.

Intercollegiate Science Quiz Competition

On the occasion of National Science Day 2021, the Department of Computer Science along with IQAC conducted inter-collegiate quiz competition on 25th February 2021. The quiz was conducted at various PU Colleges. More than 30 teams participated from various colleges, 3 teams were selected for the final round from each college.

The final round took place on 26/2/2021 at Soundarya Degree College, Sidedahalli. It was a very thought-provoking quiz competition where the students learnt about basic and advanced inventions and innovations in the field of science and its allied fields.

Intracollegiate Science Quiz

The departments of Pure Science and Computer Science organised an intracollegiate quiz competition on 23rd and 24th February 2021, on the occasion

of National Science Day. Students from various streams actively participated in the quiz competition. The quiz competition was held in two rounds: first round was qualifying

round, and the second was eliminator round. The teams/streams qualifying the final round were awarded with certificates and rewards.

Artificial Intelligence

Artificial Intelligence, a webinar, was organized on 12.9.2021. Mr. Dilip Muralidharan, Senior Technical Instructor, Splunk, Bangalore. Highlights of the virtual event were: to comprehend analytical techniques and best practices used in AI to gain an understanding of both the achievements of AI and the theory underlying those achievements as well as to enhance basic proficiency in a traditional AI language including an ability to write sample programmes along with an ability to understand codes written in that language.

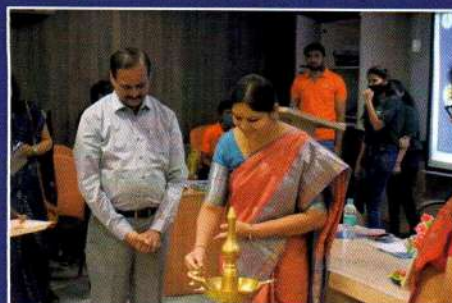

Webinar on "Artificial Intelligence" 12th Sept 2020

Mr. Dilip Muralidharan Senior Technical Instructor Splunk, Bangalore

Capacity Building Programmes

Inauguration of CSI-Student Chapter and IT Forums, which are the stem to Capacity Building Programme, came through the auspicious hand of the Chief guest Dr. Nalini - Chairperson of CSI Bangalore Chapter. On 26th February 2021, the event began by briefing about the objectives of introducing Capacity Building Programmes such as- CSI Student Chapter, IT Forum execution, ICT Academy programs and NPTEL certification. For each capacity building program the student Conveners, President, Vice president, Captains and Vice captains were recognized and appreciated with Badges and Certificates by the delegates and 2019-20 alumni (Ex-Committee Members) for accepting those responsibilities for the academic year 2020-21. Dr. Nalini, in her Keynote address on "Cyber security- issues, challenges and solution", gave rigorous information about cyber policies, cyber crime, cyber tools, cyber stalking, DoS attacks and the like. Then, the Principal in his presidential remarks congratulated the department on this initiative as well as new committee members and student achievers on their outstanding performance in innovation and academic enrichment programs. Finally, the program was concluded with an Oath Ceremony.

Webinar on Future Technologies - Defining the Tech next- 28th June 2021

Ms. Jesna Joseph, London South Bank University

Future Technologies

Jesna Joseph, South Bank University, London, guided our students on the upcoming technologies like AI and ML during the webinar Future Technologies- Defining the Tech next on 28th June 2021.

Career Mapping

The webinar Career Mapping was organized on 29th January 2021. Mr. Moshin Khan and Abhishith Rao from Skills Company were the resource persons for the programme. As a result of this intensive event, the participants came to know different useful as well as meaningful courses available after the degree. Job market scenario and expectations were also discussed.

Simstronics'2021

Department of Computer Science and Pure Science in association with IQAC organized SIMSTRONICS 2021 – a technical talk series on Industry-Ready Technology from 5th to 10th July 2021. Its objective was to combine the futuristic subjects with the traditional ones and implement a skill-based learning to succeed in today's world. Renowned experts who delivered keynote addresses during this talk series starting from 6th to 9th July are as follows:

- 5th July: Dr. Sundaresh Bilagi S, Founder Director, Enveys Technologies.
- 6th July: Mr. Javed Shaikh, Infosec Lead-Aurangabad.
- 7th July: Mr. V. Krishnappa Hullumani, Sr. AI Developer, Bangalore.
- 8th July: Dr. Anbunathan R., CEO- Digital Transformation Solution.
- 9th July: Mr. Dilip Muralidaran, Senior Technical Inspector, Splunk.

Further, the event was extended up to 10th July with advanced topics like Cyber Security, Machine Learning, Artificial Intelligence, and Data Science and its applications. All the sessions that took place over a period of one week had the students of the department as co-hosts and organizers. Every session prepared our students with respect to the recent trends in the world of technology. More importantly, each of the sessions and speakers talked in terms of relation of technology to the society and community as social commitment is the essence of all technology. During this highly interactive technical webinar series students from various institutions participated actively. Later, all the student co-hosts with honoured with a certificate each for their dedicated efforts in ascertaining the smooth functioning of this technical talk series.

Feedback from all the stakeholders was really positive and encouraging. This motivates us to organize more of such student centric webinars and events on the cutting edge and cross-cutting issues. The Department faculty expressed their sense of gratitude to all the expert speakers for their valuable time and knowledge; Principal, students and the audience participants for making this event a grand success.

Webinar on UI & UX Design

Webinar UI & UX Design was addressed by Mr. Sachin Bhandary of KAMS Academy on 17.6.2021. Students understood how to create effective website(s) and app(s) through UI/UX development process. The session was really useful for final year BCA & BSc as they have to prepare web-based projects as a part of their syllabus. This session gave them an idea about how best they can deploy the UI/UX concepts in developing the web-pages.

Webinar on Industry 4.0

Virtual Power Seminar on Industry 4.0 was held on 22.5.2021. Ashish Gakey from ICT Academy & HR Shapers addressed this webinar. It was a very mind blowing virtual session where the speaker shared his knowledge about the dominant technologies useful in the industry. Students from various institutions took active participation in this exceptional webinar. Feedback from all the stakeholders and students was an extremely encouraging one.

Guest lecture on Banking and Finance

Guest Lecture on Banking And Finance was delivered by Mr. Bhaskar Shetty, Retired Banker, Professor & Financial Consultant, on 2nd February 2021. He spoke on most recent and talked about news of the time i.e., Union Budget 2021. He accorded

the information on highlights of Union Budget. The resource person illustrated how the Union Budget is going to be beneficial for the student community and education sector at large. In short, the student community was illuminated on their opportunities.

Further, he discussed the sort of funding made available to the common population, hospital services and many other areas including vaccine and all. The Government of India looked very visionary and concerned while drafting this Bill because of the ongoing pandemic of covid19, explained the speaker. He also suggested that expenditure on technology needs to be strengthened as technology turned out to be a boon during the time of crisis.

Webinar on Ethical Hacking

Virtual programme titled Ethical Hacking was arranged for the students on 8th January 2021. Ms. Maria Robinath from ICT Academy started her talk with motivational anecdotes that illustrated the power and importance of ethical hacking. The welcome note was given by Prof. Rekha C, Head of Department of Computer Science.

Quiz Competition on Who is Proud Indian

As is already known, quiz competitions are always interesting & informative. They provide excitement to the students & also make them aware of current affairs. In this connection, Infinity_201 Team carried out a quiz competition on Who is a Proud Indian on 24th and 25th January 2020 for the students of BCA, B.Com, BBA, BBA (Aviation) programmes. This event was coordinated by Prof. Madhumita, Asst. Professor, Department of Computer Science, under the guidance of Prof. Rekha C., Head of Department of Computer Science.

Internal Hackathon

Department of Computer Science organized Internal Hackathon for the students of BCA on 22nd January 2020 to create prototype models which enhance research and observational skills of the students.

The students of the department presented their innovative models before the faculty and students. Other students learnt a great deal of knowledge in terms of how to create innovative models in their respective field. The event was coordinated by Prof. Madhumita and guided by Prof. Rekha C.

Online Quiz Competition on Science & Technology

Rapid developments have been taking place in the fields of Science and Technology these days. Those must be known by all the youngsters. Therefore, the Department of Computer Science, during the Science Week celebrations, organized Online Quiz Competition on Science and Technology on 19th February 2020 for the students of all the departments of the institution.

Orientation Programme for First Year Students

The Department organized an Orientation Programme for the fresher of BCA, B.Sc., and BA courses on 5th September 2020 to familiarize them with the ambience of the institution, faculty and staff as those will support their educational and personal attainments. This event was coordinated by Prof. Rekha C under the guidance of Dr. Suresh C. Hegadi, Principal, SIMS.

Later, the programme coordinator shared the calendar of events and semester structure along with course structure with the students.

Webinar on Ethical & Moral Values

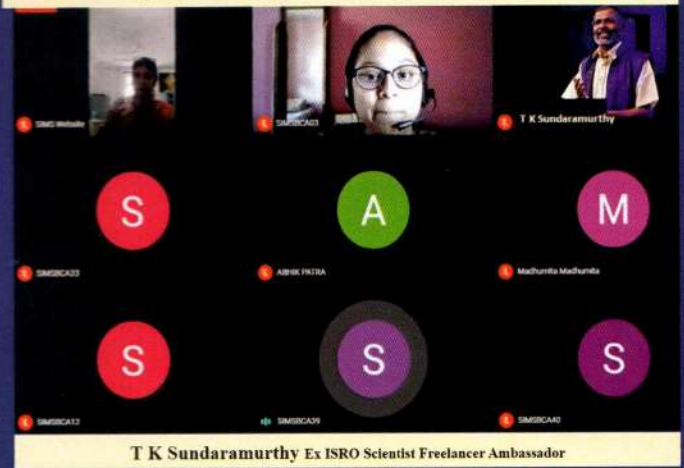

Webinar on Ethical & Moral Values took place on 9 September 2020. Dr. Abida Begum, Physical Education Director, Ramnagar Women's College, Bangalore, was the resource person of this event. She emphasized upon the principles that one must follow to distinguish the right from the wrong. They often provide the guiding ideas behind ethical systems. That's where it gets tricky ... morals are the basis for ethics.

Space Technology- Science..Space..Beyond

The webinar Space Technology- "Science..Space..Beyond" occurred on 11 September 2020. Hon. T. K. Sundaramurthy, Ex-ISRO Scientist, Freelance Ambassador, graced the occasion as a resource person. He shared that India's economic progress has made its space programme more visible and active as the country aims for greater self-reliance in space technology. This momentous growth has been harnessed by ISRO's space research centers- Vikram Sarabhai Space Centre, Space Applications Centre and 14 more of such centers.

Webinar on Space technology-"Science ..Space..Beyond" 11th Sept 2020

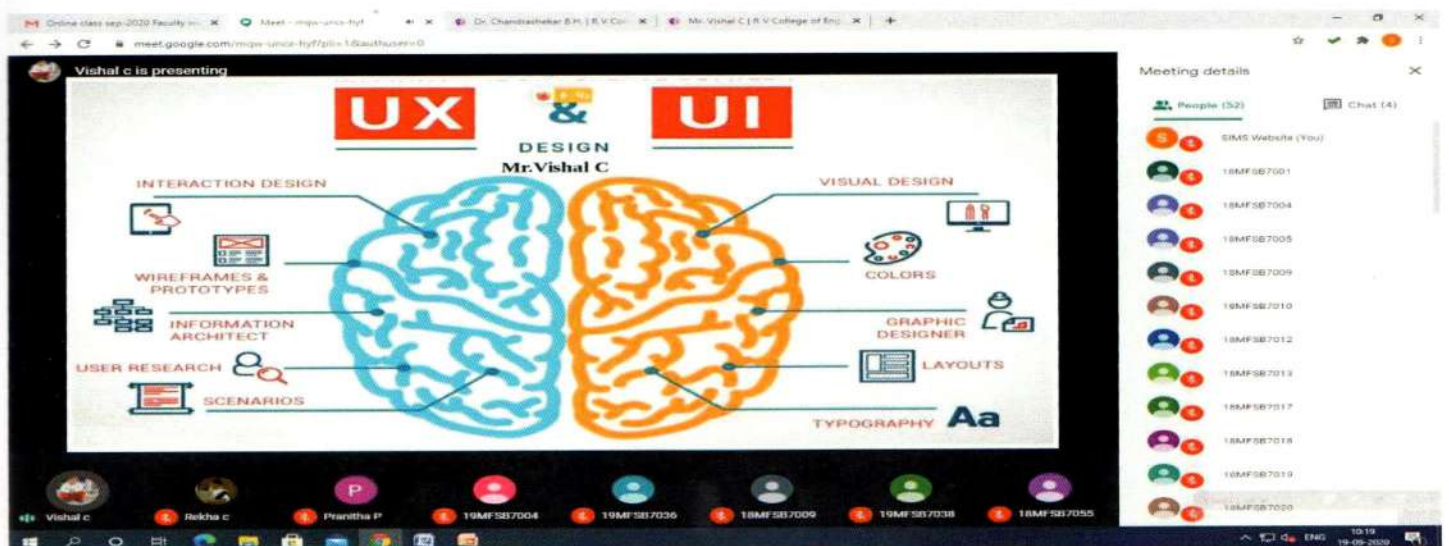

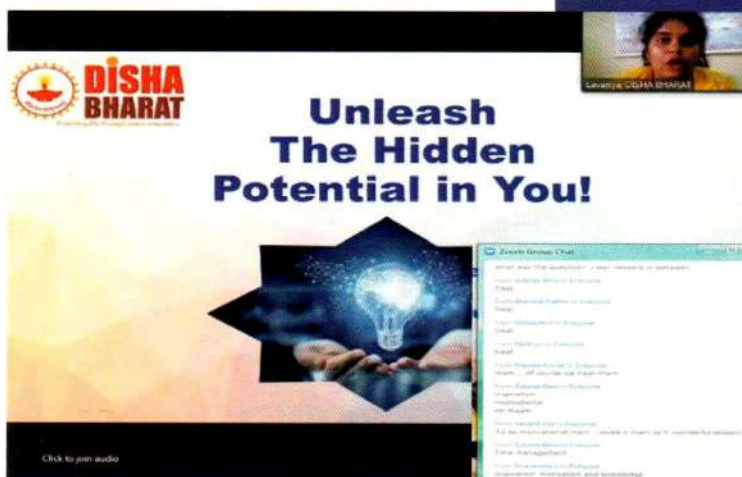

Webinar on Play with Mathematics

Webinar titled Play with Mathematics was successfully executed on 14.9.2020. It was mentored by Prof. Devendra Pathak, Motivational Speaker, and Syndicate Member, Bangalore University. In this session, students gained a lot of Mathematical ideas and several tricks related to mathematics to solve problems in a rapid way. During the event, few tips were also given to students for cracking competitive exams.

User Experience & User Design

User Experience & User Design webinar was conducted on 19/9/2020. The programme was led by Mr. Vishal and Dr. B. H. Chandrasekhar of RV College of Engineering, Bangalore. This session gave ideas about User Experience and User Design as one of the fields which can be opted as a career since it is in demand. Interaction Design Process and Virtual Design Process were also elaborated.

Unleash the Hidden Potential in You

Online workshop Unleash the Hidden Potential in You was conducted on 8th May 2021 where Disha Bharath Team led this workshop. The workshop conducted in 5 sessions: Interactive session • Video session • Stories and Anecdotes • Activities • Conclusion. It was a very inspiring event since it helped the students to understand and adapt to the changes taking place around them in terms of emotional and mental wellbeing due to covid-19.

Experiential Learning: Preparation of Hand Sanitizer

Preparation of Hand Sanitizer and Disinfectant for Prevention of spread of COVID-19 The students of Chemistry prepared alcohol based hand sanitizer under the guidance of Head of the Department, Miss. Sushma A V, Asst. Professor of Chemistry. The hand sanitizer is prepared as per the World Health Organization's (WHO) specifications. For preparation of 1000ml (1Ltr.) of hand sanitizer, reagents are mixed in following proportion: 99.8% Isopropyl Alcohol- 751.5 ml; 3% Hydrogen Peroxide-41.7 ml; 98% Glycerol- 14.5 ml; 192.3 ml of distilled water or cooled boiled water.

Neem based disinfectant to disinfect campus

The procedure adopted for the preparation of Neem based disinfectant is 100 grams of Neem leaves added to 1 litre of water. The mixture was boiled together. Then, about 50 grams of turmeric powder and about 20 grams of camphor added. The contents are mixed thoroughly by stirring. The mixture is allowed to stand for 24 hours. Finally, the mixture is filtered and poured into dispensing container for use.

Department of Journalism

The Department is young in terms of its establishment. It currently runs BA in Journalism, Psychology, and English course. The faculty members of the Department are well qualified, experienced and believe in collective learning efforts.

Both Journalism and Psychology have contributed a lot to humanity during covid19. Journalism helped in communicating the information regarding the spread of the virus and ways to stay away from the virus. Psychology has come into more focus for people underwent immense pressures owing to covid19 issues. So, the department is very relevant considering the demands of the time. Here is a list of programmes and activities conducted by the department for the benefit of both students and faculty.

One Week Webinar Series: Visionary Leaders

Initiatives of a Journalist

The Department of Political Science, in association with IQAC, held a webinar on Initiatives of a Journalist during Adversity, Dated 15 June 2021. It was led by Sri Gourish Akki, Senior Journalist, Founder and Director of Alma Media School. The participants comprised students and faculty members of various Institutions from across Karnataka and got immensely benefited from this interactive, highly informative and meaningful event.

Inauguration of the Soundarya Studios

The Soundarya studios, a unit of Soundarya Institute of Management and Science, was inaugurated on 29th July by the auspicious hands of Shri Soundarya P Manjappa, Founder of the institution. Mr. Manjappa explained the importance of journalism and mentioned that the pen is mightier than the sword. 'Journalism attempts to create a healthy society by correcting the social evils', he said. Every student must become a social leader by

realising the social responsibility. Dr. Suresh C Hegadi, Principal of the institution, explained how students should give back to the society what they have received from it. Then, CEO Mr. Keerthan Kumar explained in vivid terms the importance of journalism in the contemporary society. The entire program was organized and executed by the students under the able guidance of Mrs. Chetana Rajendra, Co-ordinator, Head of the department of Journalism.

Department of Training and Placements

At SIMS, the Training and Placement wing, during Covid19 pandemic, ensured to keep up with the changing pace while arranging virtual guest lectures from the corporate HRs, and trained to prepare students for video interviews, which included making video resume, virtual GD and interview. The 2020 batch students had started getting placement on campus from November. The companies which hired in 2020 were Paytm, Wipro, Omega Healthcare, Concentrix, Cognizant, Data Shrub, Accenture, Amazon and many more. The higher percentage of students took up postgraduation in different B-schools, Universities, etc.

The Placement Wing organized a virtual Webinar with the e-commerce giant Flipkart.

Students as Administrators

For securing 92 marks in PUC Board Examinations, two of our brilliant students Ms. Vasundhara Rao, 2nd year B. Com, and Ms. Dhanya Lakshmi, 2nd year BBA, received the honour of being invited to visit and operate the local police stations located in Bagalgunte on the occasion of Women`s Day on 10 March 2020. They were assigned the roles of Sub-Inspector at the Police Station for a period of 2 hours. They were felicitated by the Crime Branch Inspector and other officers of Bagalgunte Police Station. It was a proud moment for themselves, their parents and the institution. They expressed that the role they played was very challenging as it directly relates to the public welfare and, therefore, we must respect the officers working for us with their own life at stake.

From left- Ms. Vasundhara Rao and Ms. Dhanya Lakshmi receiving honour at the police station

Department of Sports, National Service Scheme (NSS) Unit and National Cadet Corps (NCC) Wing

Sports department and NSS and NCC cells are very significant to convey the students the value of physical and mental fitness, social services, values, and being empathetic to the needy and underprivileged around us through meeting them in person. This builds social responsibility among the students.

Sports department believes in the evergreen saying "health is wealth." During the pandemic, indoor and outdoor sports enabled persons to be physically and mentally fit and utilize their time effectively. NSS participants tried at their individual level to help those in trouble due to covid19 situation. NCC candidates maintained discipline wherever they volunteered. These three entities organized some of the events during this academic year the details of which are furnished below.

Gandhi Bhavan Visit

On 5th February 2021, the NSS volunteers along with NSS coordinator Prof. Somashekharappa were conducted to the Youth Empowerment Department of Karnataka and NSS Cell at Gandhi Bhavan, Bangalore. During this NSS camp Gandhi and Vivekananda's thoughts were discussed at large by the dignitaries.

Sporty Achievements

Soundarya Institute of Management and Science emerged as the runner up in open cricket tournament organized by SSMRV, College Bangalore on 27th February 2020. The Management, Principal, Physical Education Director, Staff and Students of the institution congratulated the team.

Pulse Polio Mission

SIMS students of NCC and NSS wings participated in a four days pulse polio campaign at Nelamaheshwari Primary Health Center in Dasarahalli. They assisted the specialised healthcare workers to give pulse polio doses to young children. It is our pride that we are always at the forefront of assisting the great doctors in this nationwide campaign on elimination of pulse polio. As such, our Institution has always exhibited its social commitment through community development programmes. It reflects the social concern of the Institution.

Awareness quiz on Covid19

On 22nd January 2021 on behalf of our SIMS_NSS and Bagalagunte PHC, all NSS students participated in a quiz programme to create awareness about covid19 and many such infectious diseases. Successful candidates were appreciated with certificates. After the programme, there was a brief speech by the guests who educated the students on the infectious diseases. The program was really successful and appreciated by all.

Eradicate Plastic, Save Earth

NSS_SIMS in coordination with Soundarya Nagar Welfare Association carried out an environmental awareness campaign on the importance of eradication of plastic to secure earth from its further damage. It took place on 7 March 2020. During this drive, all the NSS students cleaned the premises of the Layout and collected plastic waste. Then they safely disposed the collected plastic without harming the ecological balance. The collected plastic trash was brought to the attention of the residents in order to make an appeal to them to reduce plastic usage. Prior to that they were demonstrated how and why exactly plastic is the most hazardous pollutant in the world.

Shri. Soundary P Manjappa, Chairman SET, Dr. Suresh C Hegadi, Principal SIMS, Mr. Keerthan Kumar, CEO SET, Mr. Somashekharappa, Coordinator of NSS and the faculty members participated and contributed to this social cause. They appreciated and motivated the students for their enthusiasm and selfless service.

ಭಾಷಾ ವಿಭಾಗಗಳ ಪಾತ್ರ

ಶಿಕ್ಷಣಕ್ಕೆ ಮಾನವ ಸಮುದಾಯಗಳನ್ನು ನಾಗರಿಕರಾಗಿ, ಸುಸಂಸ್ಕೃತರಾಗಿ ಹಾಗೂ ನಾಡಿನ ಸತ್ವಜಿಗಳಾಗಿ ರೂಪಿಸುವುದೇ ಮಹತ್ವದ ಗುರಿಯಾಗಿದೆ.

ಶೈಕ್ಷಣಿಕ ವಿಷಯಗಳ ಕಲಿಕೆಯ ಮೂಲಕ ಉಪಜೀವನವನ್ನು, ಸಾಂಸ್ಕೃತಿಕ ಆಸಕ್ತಿಗಳ ಮೂಲಕ ಮಾನವೀಯ ಮೌಲ್ಯಗಳ ಅರಿವನ್ನು ಹಾಗೂ ಕ್ರೀಡೆಗಳ ಮೂಲಕ ದೈಹಿಕ-ಮಾನಸಿಕ ಆರೋಗ್ಯವನ್ನು ಒದಗಿಸುವುದು ಈ ಪ್ರಕ್ರಿಯೆಯ ಅಂತಿಮ ಆಶಯ.

ಮಾನವ ಸಂಪನ್ಮೂಲದ ಸದೃಶಕೆಯ ಈ ಸಮಗ್ರ ವ್ಯವಸ್ಥೆಗೆ ಭಾಷೆಗಳೇ ಸಂಪರ್ಕ ಸೇತುವೆ. ಪಾಠ ಪ್ರವಚನಗಳು ವೃತ್ತಿಜೀವನದ ಕಾರ್ಯಗಳನ್ನು ನಿರ್ವಹಿಸುವ ಅರಿವನ್ನು ಹಾಗೂ ಭಾಷಾ ಕೌಶಲ್ಯಗಳನ್ನು ಕಲಿಸಿ ವ್ಯಕ್ತಿಯ ಸಾಮರ್ಥ್ಯಕ್ಕೆ ಕನ್ನಡಿ ಹಿಡಿಯುತ್ತವೆ. ಹಾಗೆಯೇ ಭಾಷಾ ಪಠ್ಯಗಳಾದ ಕಾವ್ಯ, ಕಥೆ, ಕಾದಂಬರಿ, ನಾಟಕ ಹಾಗೂ ಲೇಖನ ಮೊದಲಾದ ಸಾಹಿತ್ಯ ಪ್ರಕಾರಗಳು ವ್ಯಕ್ತಿಯ ಭಾವನಾತ್ಮಕ ಬದುಕನ್ನು ರೂಪಿಸಿ ಆತ್ಮ ವಿಕಾಸಕ್ಕೆ ಪ್ರೇರಣೆ ನೀಡುತ್ತವೆ. ಆ ಮೂಲಕ ಸಾಮಾಜಿಕ ಬದುಕಿನಲ್ಲಿ ಮೌಲ್ಯವಂತಿಕೆಗೆ ಅವಕಾಶವಾಗಿ ಆರೋಗ್ಯಪೂರ್ಣ ಮಾನವ ಸಂಬಂಧಗಳು ಏರ್ಪಡಲು ಭಾಷೆ ಹಾಗೂ ಸಾಹಿತ್ಯಗಳ ಬೋಧನೆ ತಳಹದಿಯಾಗಬಲ್ಲದು. ಈ ಹಿನ್ನೆಲೆಯಲ್ಲಿ ಭಾಷಾ ವಿಭಾಗಗಳ ಪಾತ್ರ ಗಣನೀಯವಾದುದು.
