“

Many graduating students are wearing self-woven Uttariyas.

We appreciate their efforts to learn weaving

Soundarya Institute of Management and Science (SIMS) has a rich tradition of pursuing excellence and has continually re-invented itself in terms of academic programmes and research activities. Students are exposed to challenging, research-based academics and a host of sport, cultural and organizational activities on its vibrant campus. The presence of adequate infrastructure, physical facilities, vigorous institute-industry collaborations and industrial training opportunities help the students of SIMS to excel and be ahead in the competitive professional environment

SIMS continues to make forays into newer territories pertinent to undergraduate and postgraduate education. At undergraduate level, **Bachelor of Forensic Science** and at postgraduate level, a master's programme on **Business Administration(MBA)** have been introduced. The academic journey of the entire year was a blend of CBCS scheme for senior students and NEP 2020 for new batch and immediate senior batch students. Many of our faculty fraternity attended the orientations, workshops, webinars and refreshers courses on NEP syllabus which were conducted by higher institutions in association with university. In addition, to continue imparting high-quality and holistic education to the much larger student populace, the Institute continues to modify and evolve processes which can effectively address the changing situations.

Introduction

The workshop on the **Institutional Development Plan (IDP)** was organized under the guidance of **Prof. Shivakumar U Ganachari**, HOD of the English Department, focusing on "Research and Governance Enablers," and **Prof. Rekha C**, IQAC Coordinator, emphasizing "Academic and Digital Enablers." This initiative was aligned with the **UGC guidelines** for enhancing institutional quality, promoting research, and strengthening governance and academic frameworks.

Objectives of the Workshop

The primary goals of the workshop were:

- To discuss strategies for advancing research capacity and governance mechanisms within the institution.
- To explore the role of digital enablers in academic development and the use of technology in enhancing the learning process.
- To foster institutional development through quality initiatives driven by faculty and administrative leadership.

Session 1: Research and Governance Enablers

Facilitator: Prof. Shivakumar U Ganachari

Key Focus Areas:

1. **Strengthening Research Culture:**
 - Encouraging interdisciplinary research among faculty and students.
 - Enhancing research funding opportunities through government and private sector collaboration.
 - Promoting participation in national and international conferences.
2. **Governance in Higher Education:**
 - Developing transparent governance policies to improve institutional efficiency.
 - Best practices for decision-making in academic administration.
 - Strengthening collaboration between academia and industry to support governance models.
3. **Capacity Building:**
 - Conducting faculty development programs to enhance research skills.
 - Implementing mentorship programs for research scholars.

Outcome: The session provided participants with insights into building a strong research foundation, leveraging governance models to enhance institutional effectiveness, and identifying key enablers for improving research outcomes.

Session 2: Academic and Digital Enablers

Facilitator: Prof. Rekha C

Key Focus Areas:

1. **Integration of Digital Tools in Teaching:**
 - Use of Learning Management Systems (LMS) to improve academic delivery.
 - Leveraging data analytics for student performance tracking and academic improvement.

2. Digital Infrastructure for Academic Growth:

- Ensuring access to digital libraries, e-journals, and databases to support teaching and research.
- Developing robust IT infrastructure to facilitate seamless digital learning experiences.

3. Quality Assurance through IQAC Initiatives:

- Strengthening IQAC's role in monitoring and improving academic quality.
- Benchmarking digital tools to achieve academic excellence.
- Supporting faculty and students with technological skills needed for digital transformation.

Outcome: The session highlighted the significance of adopting digital tools for enhancing teaching methodologies, supporting academic quality, and promoting the use of technology for effective learning.

Conclusion

The workshop on Institutional Development Plan provided a holistic view of how research, governance, academic, and digital enablers play pivotal roles in the growth and quality enhancement of the institution. Both sessions by **Prof. Shivakumar U Ganachari** and **Prof. Rekha C** emphasized the importance of strategic planning in alignment with UGC guidelines for fostering a sustainable academic and research environment.
