BOOK RIVERS

CONTENT

S. No.	Chapter	Pg. No.
	List of Tables	ix
	List of Figures	xiii
1.	Introduction	1-19
	Objectives of the Study	11
	Statement of the Problem	12
	Delimitations	12
	Limitations	13
	Hypotheses	14
	Definition and Explanation of	14
4.5	Terms	18
	Significance of the Study	18
2.	REVIEW OF RELATED LITERATURE	20-51
3.	METHODOLOGY	52-80
4.7	Selection of Subjects	52
	Selection of Variables	53
4.8	Statistical Technique	79
4.	ANALYSIS AND INTERPRETATION OF DATA	81-145
4.9		

Correlation Analysis	82
Regression Analysis	112
Discussion on Findings	129
Discussion on Hypotheses	139
5. SUMMARY, CONCLUSIONS AND RECOMMENDATIONS	146-155
Summary	146
Conclusions	150
APPENDICES	156-158
BIBLIOGRAPHY	159-179

I am grateful to the Director, Department of Education and Extension, Government of Karnataka, for providing me an opportunity to do my research work in this field. I am also grateful to the following people who directly or indirectly helped me in this research work:

1. Mr. S. G. S. Computers, Bangalore
 2. Mr. S. S. Computers, Bangalore
 3. Mr. S. S. Computers, Bangalore
 4. Mr. S. S. Computers, Bangalore

LIST OF TABLES

Table No.		Page No.
4.1	Coefficient of correlation between basketball playing ability and height	82
4.2	Coefficient of correlation between basketball playing ability and weight	84
4.3	Coefficient of correlation between basketball playing ability and arm length	85
4.4	Coefficient of correlation between basketball playing ability and forearm length	87
4.5	Coefficient of correlation between basketball playing ability and forearm girth	88
4.6	Coefficient of correlation between basketball playing ability and upper arm girth	90
4.7	Coefficient of correlation between basketball playing ability and leg length	91
4.8	Coefficient of correlation between basketball playing ability and chest girth	93
4.9	Coefficient of correlation between basketball playing ability and thigh girth	94

4.10	Coefficient of correlation between basketball playing ability and calf girth	96
4.11	Coefficient of correlation between basketball playing ability and agility	97
4.12	Coefficient of correlation between basketball playing ability and endurance	99
4.13	Coefficient of correlation between basketball playing ability and power	100
4.14	Coefficient of correlation between basketball playing ability and reaction time	102
4.15	Coefficient of correlation between basketball playing ability and speed	103
4.16	Coefficient of correlation between basketball playing ability and strength	105
4.17	Coefficient of correlation between basketball playing ability and systolic blood pressure	106
4.18	Coefficient of correlation between basketball playing ability and diastolic blood pressure	108
4.19	Coefficient of correlation between basketball playing ability and fat percentage	109

4.20	Coefficient of correlation between basketball playing ability and vital capacity	110
4.21	Summary of ANOVA for regression of basketball playing ability and anthropometric measurements	112
4.22	Model summary of regression coefficient between basketball playing ability and anthropometric measurements	113
4.23	Summary of regression coefficient of basketball playing ability and anthropometric measurements	114
4.24	Relative contribution of predictor variables (anthropometric measurements) on criterion variable (basketball playing ability)	117
4.25	Summary of ANOVA for regression of basketball playing ability and motor fitness	120
4.26	Model summary of regression coefficient between basketball playing ability and motor fitness variables	121
4.27	Summary of regression coefficient of basketball playing ability and motor fitness variables	121

3.15
 Researcher collecting data on right boomerang test

65

4.28	Relative contribution of predictor variables (motor fitness) on criterion variable (basketball playing ability)	123
4.29	Summary of ANOVA for regression between basketball playing ability physiological variables	125
4.30	Model summary of regression coefficient between basketball playing ability and physiological variables	126
4.31	Summary of regression coefficient of basketball playing ability and physiological variables	126
4.32	Relative contribution of predictor variables (physiological variables) on criterion variable (basketball playing ability)	128

LIST OF FIGURES

Figure No.		Page No.
3.1	Researcher collecting data on height	55
3.2	Researcher collecting data on weight	56
3.3	Researcher collecting data on arm length	57
3.4	Researcher collecting data on forearm length	58
3.5	Researcher collecting data on forearm girth	59
3.6	Researcher collecting data on upper arm girth	60
3.7	Researcher collecting data on leg length	60
3.8	Researcher collecting data on chest girth	61
3.9	Researcher collecting data on thigh girth	62
3.10	Researcher collecting data on calf girth	63
3.11	Gullick tape used for collection of data to the study	64
3.12	Right boomerang running track used for collection of data to the study	65
3.13	Researcher collecting data on right boomerang test	65

3.14	Researcher collecting data on 9 minute run and walk test	66
3.15	Researcher collecting data on vertical jump test	67
3.16	Electronic visual hand reaction time test is in progress	68
3.17	50 meters dash test is in progress	69
3.18	Researcher collecting data on medicine ball put	70
3.19	Researcher collecting data on blood pressure	71
3.20	Omron automatic monitor MX3 apparatus used to measure blood pressure	72
3.21	Harpenden skinfold caliper used for skinfold measurement	73
3.22	Researcher collecting data on skinfold measurement	76
3.23	Dry spirometer and mouth pieces used to measure vital capacity and vital capacity test is in progress	77
4.1	Correlation between basketball playing ability and height	83
4.2	Correlation between basketball playing ability and weight	85
4.3	Correlation between basketball playing ability and arm length	86
4.4	Correlation between basketball playing ability and forearm length	88
4.5	Correlation between basketball playing ability and forearm girth	89

4.6	Correlation between basketball playing ability and upper arm girth	91
4.7	Correlation between basketball playing ability and leg length	92
4.8	Correlation between basketball playing ability and chest girth	94
4.9	Correlation between basketball playing ability and thigh girth	95
4.10	Correlation between basketball playing ability and calf girth	97
4.11	Correlation between basketball playing ability and agility	98
4.12	Correlation between basketball playing ability and endurance	100
4.13	Correlation between basketball playing ability and power	101
4.14	Correlation between basketball playing ability and reaction time	103
4.15	Correlation between basketball playing ability and speed	104
4.16	Correlation between basketball playing ability and strength	106
4.17	Correlation between basketball playing ability and systolic blood pressure	107
4.18	Correlation between basketball playing ability and diastolic blood pressure	109
4.19	Correlation between basketball playing ability and vital capacity	111

Authors who are well-known in the field of physical education and provide a critical analysis of current challenges. This book will reflect on various aspects of Basketball for all learners.

DR. P.M HARISH

PhD, M.P.Ed, PGDSM, M.A, PGD Yoga

DR. P.M HARISH is presently working as Physical Education Director in **SOUNDARYA INSTITUTE OF MANAGEMENT AND SCIENCE** Soundarya Nagar Hesaragatta road Bangalore. He holds Ph.D. degree having good 12 years of experience as a Physical Education Director. 5th rank holder in B.P.Ed and a gold medalist in M.P.Ed. Represented Bangalore division in Kho-Kho, participated in the Dasara meet and many more Inter University Kho-Kho events, and secured medals. Besides being a good sportsman, he has also achieved great heights in academics. Presented papers in National and International Seminars, published research papers in 3 journals, been a resource person in many events, Chaired sessions and acted as a coach, manager and official in various competitions at different levels.

DR. N D VIRUPAKSHA

Director of Physical Education
Department of Physical Education
Kuvempu University

DR. N D VIRUPAKSHA is presently working as Director of Physical Education in the Department of Physical Education, **KUVEMPU UNIVERSITY** Jnana Sahyadri. He holds a Ph.D. degree in Physical Education. He is a veteran coach, teacher, guide, philosopher, and mentor for many young athletes and Physical Education Directors and instructors across Karnataka state. Having such a rich experience of more than 27 years authored three renowned books. Edited and published more than 04 books, 60 research papers at various levels. He has successfully guided 13 doctorates and 12 M.Phil. holders. Rank holder in student life and an achiever in professional life. Represented Karnataka state in the Sepak takraw team in national games held at Imphal, Manipur in 1999 and secured a bronze medal. A Dronacharya, in a true sense produced numerous athletes who represented the university and national sports events.
