Timbukdo/2024/01

MEMORANDUM OF UNDERSTANDING

THIS MEMORANDUM OF UNDERSTANDING ("MOU") is made on 19th January 2024 this Day, BY And Between Soundarya Institute of Management and Science- The Training & Placement Wing and Timbukdo Technologies Pvt Ltd

Represented by Training & Placement Wing, Soundarya Institute of Management and Science AND

Timbukdo Technologies Pvt Ltd is a tech driven company that currently provides a dedicated part time job portal for students that helps them earn, upskill and be industry ready. Timbukdo is a proud partner of MICROSOFT under Founders Hub and a recognized Startup under DPIIT, Government of India and represented by Ms. MythriKumar, Founder & CEO of the organization.

The Training & Placement Wing under the Soundarya Institute of Management and Science and Timbukdo are hereafter referred to individually as "partners", THEREFORE inconsideration of foregoing mutual covenants and promises contained herein, the parties agree as follows:

HOW CAN TIMBUKDO INTEGRATE TO BENEFIT STUDENTS?

Here are a few invaluable opportunities that students can potentially access through our portal.

- Providing students with **part-time job/ gig work opportunities** to build their resume well before they graduate. Our platform welcomes students to use their active student status to gain part-time job opportunities in multiple avenues.
- **Upskilling** is one of the most beneficial aspects of our provisions to students. Getting the opportunity to work alongside and under professionals at a workplace would help students gain a richer and more real perspective of work life ahead of time.
- The opportunity to **explore and experiment** in alternate career options would also potentially help students recognise their strengths, weaknesses, interests and passions whilst pursuing their education itself.
- Students can also potentially avail **valuable testimonials and references** by gaining a chance to put their best foot forward in avenues where their talents and abilities lie in and also peak their interest.
- Students shall also be able to brush up on their **communication skills** by interacting with professionals from different industries and also pick up on important nuances and jargon from different job opportunities that will benefit them in their impending professional lives.
- They also get to **build a stellar resume** before being full time working professionals and also build a **professional network** that will help them get placed with much more ease in the long run.

- Students will also gain **validation** for their work monetarily which would aid in making

them responsible young adults and also teach them time and money management in a much more effective manner.

PROPOSED COLLABORATION

We would like to gain support from your esteemed institution in order to educate students about the benefits of **upskilling, financial independence, monetization of one's skill and time** and many such productive and constructive engagements that can be provided through our portal to help them make the right choice.

We are associated with numerous startups, industries, retail outlets and many such job creators who create mindful and right work opportunities for students on our portal.

Hence, we request your esteemed college to have us as a **PRE-PLACEMENT PARTNER** to push students to be industry ready. This helps students secure a full-time job in their placement drives and institutions to achieve higher placement rates.

Definition of Pre-placement Partner: Timbukdo will act as an opportunity platform that creates meaningful part time jobs for the students of Soundarya Institute of Management and Science which helps students access practical work experience while they are still in their university and can prepare them for campus placements and be industry ready.

TimbukDo's Deliverables	Asks from college
<ol style="list-style-type: none"> 1. Conducting workshops in academic and cultural events. 2. Conducting part-time job drives within campus and bring renowned companies to the campus. 3. Create part time job opportunities in alignment with your college calendar and encourage students through various engagements 4. Sponsor few college events* 5. Appointing a Campus Ambassador with the University to facilitate the flow of partnership between the university & TimbukDo. 6. Recognize & reward the Students who have carried out TimbukDo's tasks successfully in the University. 	<ol style="list-style-type: none"> 1. Have us as your official pre placement partner to help students be INDUSTRY READY 2. Placement Department to help us as a communication channel in college (WhatsApp groups, emails, etc) between us and relevant students. 3. Opportunity to interact with students, spread awareness, and also promote our application on-ground through continuous presence. 4. Promote TimbukDo's activities in association with the University on the website, social media and notice boards.

Industry 4.0 era

MBA DEGREE TRENDS

Industry 4.0 Era:

The Industry 4.0 era represents the fourth Industrial revolution, characterized by the integration of digital technologies into traditional manufacturing and industrial processes. It encompasses a range of technologies such as the Internet of Things (IoT), artificial intelligence (AI), big data analytics, cloud computing, and robotics. These technologies enable interconnectedness, automation, and data-driven decision-making in industries. The result is increased efficiency, flexibility, and customization in production processes. Industry 4.0 is not limited to manufacturing but extends to various sectors including healthcare, logistics, and agriculture, reshaping how businesses operate and creating new opportunities for innovation.

Ms. Ramya Sheshadri,
Manager - Corporate
Relations, Training &
Placements

MBA Degree Trends:

MBA degree trends are evolving to align with the demands of the rapidly changing business landscape, including the impact of Industry 4.0:

- **Specializations in Technology Management**
- **Emphasis on Data Analytics and AI**
- **Entrepreneurship and Innovation**
- **Global Business and Cross-Cultural Management**
- **Sustainability and Social Responsibility**
- **Flexibility and Online Learning**
- **Experiential Learning and Internships**

In summary, the Industry 4.0 era is driving significant shifts in MBA education. Programs are adapting to equip students with the technical, analytical, and innovative skills needed to thrive in a digitally-driven business environment while also emphasizing the importance of ethical and sustainable business practices.

Name of the Department: BGA

Course: BBA, SIMS

Year: 2020-21

Course: Business Lab

Host Coordinator: Mr. Vijay A S

Introduction: The IBM Career Education Program is a comprehensive software education program designed by IT professionals, for graduates, post graduates and experienced professionals to accelerate their skills and knowledge so that they succeed in the dynamic industry. The Program curriculum brings together the latest software content, real-world industry experience, hands-on lab courses and best practice all into a single unique education program. The program offers 5 semester curriculum.

Objectives:

- A blended learning approach, integrating classroom, hands-on lab exercises and real life case studies to provide both theoretical and practical training to solve real world problems
- The latest software content and knowledge of IT developments in the market to keep you ahead of technological trends
- A top-class faculty comprising of field consultants, technical specialists and education experts
- A comprehensive semester based format to build technical foundation and career skill acquisition quickly
- IBM leadership and professional certification in IBM software technology

BRIEF EVENT REPORT:

WATSON TRAINING MODULE

Watson training module will gain skills in building and deploying applications, customizing services, and integrating Watson with other systems. The module covers evaluating performance, ethical considerations, and best practices. Emphasis is placed on practical experience through hands-on exercises and labs. Case studies provide real-world context, while continuous learning resources support ongoing skill development. By the end of the training, participants will be adept at leveraging Watson's capabilities in various projects.

ensuring they can effectively apply their knowledge to practical scenarios and keep up with advancements in AI technology.

DATA VISUALIZATION TRAINING MODULE

The Data Visualization Training module will give the reader a thorough introduction to Data Science, Statistics, R, IBM Watson Studio and python using real life examples. This course does not require a prior quantitative or mathematics background. The course introduces the basic concepts such as the mean, median etc. Then it thoroughly covers all aspects of an analytics (or) data science career from analyzing and preparing raw data to visualizing your findings. It covers both the theoretical aspects of statistical concepts and the practical implementation using R, IBM Watson Studio and python.

PREDICTIVE ANALYTICS USING IBM SPSS MODELER TRAINING MODULE

With increasingly competitive business and the advancement in capabilities of computers, many businesses are generating huge amounts of data. Such businesses need to find mechanisms to **collect, store, analyze and act** on this data. Predictive Analytics is one such mechanism to find such patterns, which can be used for making business decisions and growth. This course aims to introduce participants to the concepts of Predictive Analytics (Machine Learning). **Introduction** covers one of the most popular methodology used by Data Scientists - CRISP DM.

PHOTOS
