## ABOUT ANTHOLOGY ON INNER REFLECTIONS PART II

Inner reflections unfold the experience and experiential learning of the poet. In the fast - changing scenario projections photogenic, sycophancy rhetoric expressions are playing a pivotal role in shaping the career. Surface level knowledge shines through artificial expressions, communicative skills and psychological slavery has been the guiding force in getting the citations, rewards, and awards. Indeed, the scenario has snubbed the prompt and honest people, who are living with values and human ethos. It also expresses the opportunistic mindset of present leaders, who use freedom fighters' names for political survival and tribute them on specific days...

The Anthology also highlights the political spectrum, the rise of bootleggers, in the name of societal identity, and the nexus between crooks and political leaders are gaining momentum. Above all Time always stands taller than the tallest and teaches required life lessons based on our attitude.
