THIS MEMORANDUM OF UNDERSTANDING ("MOU") is made on 19th January 2024 this Day, BY And Between Soundarya Institute of Management and Science-- The Training & Placement Wing and Timbukdo Technologies Pvt Ltd

Represented by Training & Placement Wing, Soundarya Institute of Management and Science AND

Timbukdo Technologies Pvt Ltd is a tech driven company that currently provides a dedicated part time job portal for students that helps them earn, upskill and be industry ready. Timbukdo is a proud partner of MICROSOFT under Founders Hub and a recognized Startup under DPIIT, Government of India and represented by Ms. MythriKumar, Founder & CEO of the organization.

The Training & Placement Wing under the Soundarya Institute of Management and Science and Timbukdo are hereafter referred to individually as "partners". THEREFORE in consideration of foregoing mutual covenants and promises contained herein, the parties agree as follows:

HOW CAN TIMBUKDO INTEGRATE TO BENEFIT STUDENTS?

Here are a few invaluable opportunities that students can potentially access through our portal:

- Providing students with **part-time job/ gig work opportunities** to build their resume well before they graduate. Our platform welcomes students to use their active student status to gain part-time job opportunities in multiple avenues.
- **Upskilling** is one of the most beneficial aspects of our provisions to students. Getting the opportunity to work alongside and under professionals at a workplace would help students gain a richer and more real perspective of work life ahead of time.
- The opportunity to **explore and experiment** in alternate career options would also potentially help students recognise their strengths, weaknesses, interests and passions whilst pursuing their education itself.
- Students can also potentially avail **valuable testimonials and references** by gaining a chance to put their best foot forward in avenues where their talents and abilities lie in and also peak their interest.
- Students shall also be able to brush up on their **communication skills** by interacting with professionals from different industries and also pick up on important nuances and jargon from different job opportunities that will benefit them in their impending professional lives.
- They also get to **build a stellar resume** before being full time working professionals and also build a **professional network** that will help them get placed with much more ease in the long run.

- Students will also gain **validation** for their work monetarily which would aid in making

6. General

This Agreement does not require either of us to disclose or to receive information. Neither of us may assign, or otherwise transfer, its rights or delegate its duties or obligations under this Agreement without prior written consent. Any attempt to do so is void.

The receipt of information under this Agreement will not in any way limit the Recipient from:

- 1) providing to others products or services which may be competitive with products or services of the Discloser;
- 2) providing products or services to others who compete with the Discloser; or
- 3) assigning its employees in any way it may choose.

The Recipient will 1) comply with all applicable export and import laws and regulations, including associated embargo and sanction regulations, and 2) unless authorized by applicable governmental license or regulation, not directly or indirectly export or re-export any technical information or software subject to this Agreement (including direct products of such technical information or software) to any prohibited destination or country (including release to nationals, wherever they may be located, of any prohibited country) as specified in such applicable export regulations. This paragraph will survive the termination or expiration of this Agreement and the confidentiality period above and will remain in effect until fulfilled.

Only a written agreement signed by both of us can modify this Agreement.

Either of us may terminate this Agreement by providing one month's written notice to the other. Any terms of this Agreement which by their nature extend beyond its termination remain in effect until fulfilled, and apply to respective successors and assigns.

Both of us consent to the application of the laws of India to govern, interpret, and enforce all of our rights, duties, and obligations arising from, or relating in any manner to, the subject matter of this Agreement, without regard to conflict of law principles.

This Agreement is the complete and exclusive agreement regarding our disclosures of information, and replaces any prior oral or written communications between us regarding these disclosures. By signing below for our respective enterprises, each of us agrees to the terms of this Agreement. Introduction : The IBM Career Education Program is a comprehensive software education program designed by IT professionals, for graduates, post graduates and experienced professionals to accelerate their skills and knowledge so that they succeed in this dynamic industry. The Program curriculum brings together the latest software content, real-world industry experience, hands-on lab courses and best practices all into a single unique education program. This program offers 6 semester curriculum.

Objectives:

- A blended learning approach, integrating classroom, hands-on lab exercises and real life case studies to provide both theoretical and practical training to solve real world problems
- The latest software content and knowledge of IT developments in the market to keep you ahead of ~~technological~~ trends
- A top-class faculty comprising of field consultants, technical specialists and education experts
- A comprehensive semester based format to build technical foundation and widen skill specialities quickly
- IBM leadership and professional certification in IBM software technology.

BRIEF EVENT REPORT:

WATSON TRAINING MODULE

Watson training module will gain skills in building and deploying applications, customizing services, and integrating Watson with other systems. The module covers evaluating performance, ethical considerations, and best practices. Emphasis is placed on practical experience through hands-on workshops and labs. Case studies provide real-world context, while continuous learning resources support ongoing skill development. By the end of the training, participants will be adept at leveraging Watson's capabilities in various projects,

ensuring they can effectively apply their knowledge to practical scenarios and keep up with advancements in AI technology.

DATA VISUALIZATION TRAINING MODULE

The Data Visualization Training module will give the reader a thorough introduction to Data Science, Statistics, R, IBM Watson Studio and python using real life examples. This course does not require a prior quantitative or mathematics background. The course introduces the basic concepts such as the mean, median etc. Then it eventually covers all aspects of an analytics (or) data science career from analyzing and preparing raw data to visualizing your findings. It covers both the theoretical aspects of statistical concepts and the practical implementation using R, IBM Watson Studio and python

PREDICTIVE ANALYTICS USING IBM SPSS MODELER TRAINING MODULE

With increasingly competitive businesses and the advancement in capabilities of computers, many businesses are generating huge amounts of data. Such businesses need to find mechanisms to ~~identify useful~~ patterns and actionable relationships from such data. Predictive Analytics is one such mechanism to find useful patterns, which can be used for making business decisions and ~~growth~~. This course aims to introduce participants to the concepts of Predictive Analytics (Machine Learning). ~~The course~~ covers one of the most popular methodology used by Data Scientists – CRISP DM.

And whereas, the Parties seek to collaborate with each other to mutually complement their synergies and to jointly work on building capacity of learners through one or more of the programs managed by Edunet.

Now therefore, this Memorandum of Understanding (hereinafter called "MOU") witnesses the following:

- Term and termination:** This MOU is valid for an initial term of 1 year from the Effective Date. It can be extended by further periods, as agreed to by the Parties from time to time. Either Party may terminate this MOU by giving the other minimum 30 days' notice. The MOU will be deemed terminated at the end of the notice period or after completing all ongoing activities so that the beneficiaries (learners and teachers) are not negatively impacted, whichever is later.
- Non-binding nature of this MOU:** The MOU is not binding on either Party and each is working with the other out of sheer good-will and for the benefit of the learners.
- Single Point of Contact (SPOC) for program co-ordination:** Both the Parties shall appoint a suitable person who will serve as a single of contact on all matters related to program rollout. Individual learners and teachers may be in touch with corresponding trainers, mentors, advisors and peers during program roll-out but all matters related to the execution of this MOU shall reside with the SPOC.
- Program Calendar:** The SPOCs from both Parties will work with their respective internal stakeholders to develop a calendar for the program(s) rollout at the start of every quarter. This calendar will then be synchronized and published for use by everyone.

- mutually agreed schedule, to onboard them onto the program(s).
- Program materials:** Edunet will share all program materials with the Institution and/or learners as required. All sharing will be online and/or through electronic media.
- Online Instructor led sessions:** These sessions may take the form of coursework sessions, webinars or mentoring workshops or technology bootcamps or innovation camps or career readiness workshops that will seek to assist learners in their career goals. These programs will be organized regular as per a regular calendar, published online and will be conducted by Edunet team members or program sponsors or external stakeholders as appropriate.
- Interaction with industry experts:** Edunet will bring industry experts to the Institute to drive engagements with students through seminars/webinars or project mentorship.
- Online platform availability:** Online platforms for each of the programs of interest to the Institution will be made available to it. Links for these platforms will be made available to the Institution in a timely manner.
- Assessments:** Edunet will conduct assessments, as required, for its programs prior to certification by Edunet and/or its industry partners and/or participating government agencies.
- For programs with career paths:** Edunet will provide linkages with local and regional industry, government and the local start-up ecosystem (Incubators etc.) that will help learners with gainful employment and/or entrepreneurial opportunities. Interactions will be encouraged in terms of classrooms sessions, workshops, internship opportunities, career opportunities and entrepreneurship opportunities.
- Updates:** Edunet will keep Institution management updated with the progress of the program(s).

6. Responsibilities of Institution:

- Learner identification:** Institute will identify learners, volunteers and instructors who may participate in one or more programs offered by Edunet.
- Support with orientation sessions:** Institute will support Edunet conduct orientation sessions for all stakeholders.
- Support with attendance:** Institute will ensure that program participants enthusiastically participate in chosen programs, with minimum attendance as agreed between the Parties.
- Support with assessments:** Institute will ensure that assessments carried onsite are proctored and professionally managed.
- No fees:** Institute will not charge any extra fees from learners for participation in Edunet programs. Edunet will not charge any fees from the students/university for the program.

IN WITNESS WHEREOF, the parties hereto have executed this MOU on the Effective Date.

Letter of Intent

To Mr./Ms./Mx. **WABHURI R V**

Greetings from Infosys BPM

We are pleased to note your interest in working with "Infosys BPM Limited". Based on the evaluation of your performance during the initial selection process, the Company is issuing you this "Letter of Intent" to inform you that the Company has shortlisted you for the next stage of its selection process. The details of the next stage of the selection process will be communicated to you by the Company's representative.

Please note that this Letter does not constitute an offer of employment and does not constitute the Company's intent to extend you an offer of employment at any future date. This Letter only signifies your progression to the next stage of the selection process and does not guarantee your selection with the Company. Should you successfully complete the selection process, the Company may at its sole discretion extend you an offer of employment by sending the same to your email address provided to the Company.

You understand that any offer of employment extended to you by the Company after successful completion of the selection process would be subject to you successfully clearing your background verification as well as graduating with **B.T.** (grade/CGPA/percentage in **B.T.** (name of the course) **S.M.S.** (college/university name). Any failure to successfully complete the background verification or graduate with the required qualifications shall result in withdrawal of offer of employment, or termination of employment if you have already joined the Company.

Prior to moving forward with the selection process, there are certain terms and conditions that each candidate applying for employment with the Company must be aware of, including but not limited to the following:

- A candidate selected by the Company may be assigned to work at, deputized or be transferred to any of the Company's units, departments, locations, affiliate entities or subsidiary companies. Any candidate selected by the Company is required to undertake the responsibilities assigned to such candidate in the location/department/unit as may be determined by the Company.
- A candidate, if selected, is required to submit certain documents at the time of joining the Company. The Company will communicate to the candidate the list of such documents once it decides to make an offer of employment to the candidate. The candidate is required to submit each of such documents, failing which the Company may take appropriate action(s) including the withdrawal of the offer of employment, or termination of employment if the candidate has already joined the Company.
- A candidate has to be medically fit at the time of joining the Company. A candidate may be required to submit a medical certificate certified by a medical practitioner, in the form and manner prescribed by the Company. In addition to this, the Company reserves the right to conduct further medical checks if deemed necessary.
- Each candidate who is made an offer of employment by the Company will be required to register on [www.nationalcareerpoint.com] before joining the Company at its own expense, failing which the Company may take appropriate action(s) including the withdrawal of the offer of employment, or termination of employment if the candidate has already joined the Company.

The Company reiterates that this Letter is being issued to inform you that you are shortlisted for the next stages of the selection process only and does not bind the Company to any employment relationship with you or obligate the Company to make an offer of employment to you. Please ensure that you have carefully read and understood the above-mentioned essential terms and conditions while going forward with the selection process. We look forward to your participation in the further rounds of selection.
