A flyer for an AWS Training Program. The background is dark blue with a grid pattern. At the top, there are two sets of five white circles. The word "AWS" is in a yellow rounded rectangle. Below it, "TRAINING PROGRAM" is in blue. The text "Accelerate AWS skills with hands-on workshop" is centered. On the left, a circular graphic contains the AWS logo and the text "amazon web services". To the right, the dates "08 JUNE 2023" and "EXAM 18 AUGUST 2023" are listed with calendar and clock icons. Below that, the resource person "RAHUL REDDY V" is named. At the bottom, "VENUE" is in a dark blue rounded rectangle, and "SIMS Basement Lab" is written below it.

Report on Machine Learning

Name of the Department: BCA

Organised by: SIMS

Resource Person: Ankith Hegde

Date: May 2023 to June 2023

Venue: Basement Lab

Participants: VI sem BCA students

Introduction:

The showcased Machine Learning (ML) projects highlight the transformative potential of ML algorithms in various domains. From predicting emotions in textual tweets to forecasting stock market trends, detecting fraudulent bank payments, and modernizing loan approval systems, ML offers innovative solutions to complex problems. Additionally, ML algorithms play a crucial role in predicting crop yields in Indian agriculture, identifying psychological tendencies, and enhancing academic performance predictions. These projects underscore the versatility and effectiveness of ML techniques in addressing real-world challenges across diverse sectors, showcasing its pivotal role in driving innovation and efficiency.

Objectives:

1. Explore applications of ML in various domains.
2. Enhance understanding of ML algorithms and techniques.
3. Foster practical skills in implementing ML projects.
4. Promote critical thinking and problem-solving abilities.
5. Encourage collaboration and innovation among students.

Brief event report:

Students initiated projects by selecting relevant ML applications, underwent rigorous data preprocessing, model training, and evaluation phases, culminating in project presentations and Vivas, fostering comprehensive understanding and practical implementation of ML concepts.

Event Report for the academic Year 2022 - 23

- **Title:** WORKSHOP ON IOT WITH RASPBERRY PI
- **Date:** 14/11/2022 To 16/11/2022
- **Time:** 30hrs
- **Venue:** Basement Computer Lab (SIMS)
- **Beneficiaries:** 1st year students
- **Event Coordinator/s :** Mr. YATISH S J and Mr.s JENISHA

Objectives:

1. Provide introduction to Internet of Things (IoT)
2. Exposure to various sub-fields and technology stacks of IoT
3. Enable people to convert their IoT product idea into a working prototype
4. Provide thorough working knowledge of the Raspberry Pi Platform
5. Bring-up entrepreneurs and innovators by supporting them with investment and mentorship

Brief Event Report:

The IOT workshop was a three day event held on November 14, 15, and 16, 2022.

The first-year BCA students were the target audience for the workshop.

The top-performing teams from among the students who participated and were put into groups would be granted internship opportunities.

The IOT kit, which was given to each team, contained the following items:

- Micro USB,
- LED,
- Relay module,
- DHT11 sensor,
- PIR sensor,
- Breadboard,
- Jumper wires,
- ESP8266 node-MCU

As far as we are aware,

"The Internet of Things (IoT) is a system of interconnected computing devices, mechanical and digital machines, objects, animals, or people that are given unique
