## **Role of the Examination Committee**

### **Internal Examinations**

Exam committees are responsible for handling pre-examination logistics, intending question papers in the required format, printing question papers, setting up examination rooms, facilitating question paper distribution, enabling invigilation, and making sure that examinations are run efficiently and effectively with no room for any form of malpractice. The committee also makes sure that the appropriate subject faculty receives the bundles of gathered answers once the exam is finished.

The COE also makes sure that the examination office receives a hard copy of the marks statement and that the valuable answer scripts are returned to the students within ten days of the end of the internal exams. The marks are also recorded into the Optra portal.

If a student has any complaints about the exam, that is also taken care of. They can write to the exam cell mail address or directly contact the COE.

### **Bangalore University Examinations**

The examination committee works to ensure that the end-of-semester university examination is conducted smoothly according to the schedule. The procedure entails obtaining a question paper from the university, assigning an invigilation task, and giving the room invigilators question papers and response booklets. After the end of exams answer bundles are collected, packed and submitted to the university.

## **Examination Policy**

### **2.1 Introduction**

The Soundarya Institute of Management and Science, located in Bengaluru, India, is managed by the Soundarya Educational Trust (SET), which is committed to the idea that the foundation of education is the education of the heart. The members of SET are committed to achieving the college's three main goals: transformation, excellence, and efficiency.

The College has established the Exam Cell as a proactive measure in accordance with this aim. Since its founding in 2007, SIMS has come a long way toward realizing its objectives, and the creation of the Exam Cell marks yet another critical turning point. Establishing a single, cutting-edge, effective, adaptable, transparent system is the main goal of SIMS's Exam Cell. This method will maintain strict tolerance for unfair and ineffective activities while guaranteeing extremely dependable testing and evaluation procedures.

The Exam Cell seeks to expedite the examination process by embracing best practices and putting current technology into operation. This will entail creating rigorous exam schedules, managing resources effectively, releasing findings on time, and preserving the validity of evaluations.

Exam Cell also works to provide an impartial and equitable assessment system that supports student development and academic integrity. It will seek to get rid of any inconsistencies or unethical behaviour that could jeopardize the reliability and quality of the tests.

The Exam Cell at SIMS works to provide a welcoming atmosphere for teachers and students by being dedicated to efficiency and quality. The institution hopes to promote its students' intellectual and personal development by providing a trustworthy and reliable assessment system, thereby preparing them for possibilities and challenges in the future.

**2.2 Vision:** " Envisioning a future with courage, confidence and commitment. "

**2.3 Mission:** "Our mission is to develop a strong, cutting-edge system that is powered by technology. This system will guarantee the highest level of reliability in all testing and assessment processes since it will be extremely effective, flexible, and transparent. We uphold a zero-tolerance policy and vehemently denounce any unjust or ineffective actions."

#### 2.4 Objectives:

The Office of Examinations at SIMS has set forth several objectives with the aim of creating a unified, technologically advanced, efficient, flexible, and transparent system for testing and evaluation.

These objectives include:

- 1. Making Certain Reliability:** The Office of Examination uses standardized assessment techniques in an effort to provide extremely dependable testing systems. This will support preserving uniformity and equity in the assessment of the knowledge and abilities of the students.
- 2. Eliminating Unfair Practices:** Regarding unfair and ineffective practices, the Office of Examination has a zero-tolerance policy. By guaranteeing that there is no exam-related misconduct or cheating, it aims to level the playing field for all students.
- 3. Improving the Integration of Technology:** The Office of Examination acknowledges the role that technology plays in contemporary education. In order to improve efficiency and streamline processes, it attempts to integrate technology into its testing and assessment process by making use of data management systems, online platforms, and other pertinent technologies.
- 4. Encouragement of Flexibility:** When conducting exams, the Office of Examination aims to use a flexible approach. By offering other testing options to students with unique needs or circumstances, it seeks to meet the different needs of the student community.
- 5. Keeping Openness:** Transparency is given a priority in the Office of Examination's operations. It attempts to keep exam schedules, policies, procedures, and evaluation standards clear and consistent in communications with students, teachers, and other stakeholders.

By accomplishing these goals, the SIMS Office of Examination hopes to create a strong examination system that preserves the principles of equity, dependability, efficiency, and openness, ultimately advancing the institution's growth and standard of education.

#### **2.5 Affiliations:**

As the central component of education, SIMS, Bengaluru, India, stresses heart education under the direction of the Soundarya Educational Trust. The SET has effectively offered top-notch higher education in India for about two centuries because to its vast experience.

Motivated by a vision of bravery, assurance, and dedication, SIMS has set up an Exam Cell to guarantee the seamless operation of exams. Since the college's founding in 2015, this is yet another noteworthy accomplishment.

The Office of Examinations at SIMS is primarily focused on creating a comprehensive and cutting-edge system. The testing and assessment processes in this system are designed to be extremely dependable and to be clear, adaptable, and efficient. The Office of Examination is dedicated to upholding a policy of zero tolerance for unjust and ineffective practices. It is significant to remember that Bangalore University and SIMS are connected. As a result, the College follows the guidelines and procedures established by Bangalore University for exams. Because the University Examination procedures are set by Bangalore University regulations, the College does not have direct influence over them.

#### **2.6. Conduct of Examinations**

The SIMS is extremely serious about the way exams are conducted. The Office of Examinations was formed by the College with the goal of upholding high standards and guaranteeing fairness. This unit is devoted to creating and executing an examination system that is cutting edge, transparent, flexible, and efficient in terms of technology.

The Office of Examinations at SIMS strives to ensure extremely dependable methods for assessments and testing. They have a strict policy of not tolerating unethical or ineffective behaviour. The goal of the cell is to develop a single, dependable testing system that can handle a big number of pupils. The Office of Examination at SIMS strives to expedite the examination process by employing cutting-edge technology. Their main objective is to offer a safe and effective setting where kids can exhibit their abilities. Additionally, the office seeks to ensure that the evaluation process is transparent and free of any biases or anomalies.

Additionally, the Office of Examination at SIMS is dedicated to following the policies and procedures established by Bangalore University. This involves making sure the exam schedule is accessible four weeks prior to the final exams, or well in advance. It is significant to remember that the university retains the authority to alter the exam schedule as needed.

All things considered, the founding of SIMS Office of Examination is a critical step in realizing the college's mission of quality, change, and effectiveness in the classroom.

#### **2.7. Guidelines on Exam Attendance:**

SIMS has imposed certain attendance guidelines for students taking university exams in order to protect academic integrity and the standards established by the university. In order to ensure compliance, it is imperative that students become acquainted with these regulations.

The University sets minimum attendance requirements of 75% in all subjects for students to be eligible to appear in University Examinations and 85% in all subjects for students to be eligible to appear in Formative Assessments. The College strictly complies with these requirements. This accentuates how important it is to attend class every day of the academic year.

The university semester exams will not be offered to any student who disobeys the general standards of behaviour, discipline, or code of conduct. This is an important point to remember. Thus, to continue to be eligible for the exams, students must act with the highest moral character and follow all college policies.

The College's dedication to preserving an atmosphere that supports efficient learning and academic advancement is demonstrated by the creation of these standards. The College seeks to protect the integrity of the examination process and give students access to an equitable and transparent evaluation system by guaranteeing a high level of attendance and encouraging discipline.

Consequently, it is imperative that each and every student understand these attendance policies and make an effort to adhere to them regularly. Students who do this will not only meet the requirements to take part in the University Examinations, but they will also advance both academically and personally.

#### 2.8 Hall ticket issuance:

One of the most important parts of the examination system is the issuance of hall tickets, which is controlled by Bangalore University policies. The process of providing students with hall passes can be summed up as follows:

1. Admission Period: Bangalore University/ UUCMS publishes the window for college roll admissions.
2. Student Details Upload: The UUCMS Portal receives an electronic upload of the College's admitted student information.
3. Physical Verification: Bangalore University physically verifies the documents on campus after obtaining the information that was uploaded.
4. Admission Approval: Bangalore University uses the UUCMS Portal to provide registration numbers to students and authorizes admissions following careful verification.
5. Hall Ticket Upload: Bangalore University uploads the hall passes onto the internet in advance of the University Semester Examinations.
6. Hall Ticket Distribution: All student hall passes are downloaded by the college and sent to qualified students via class coordinators that the college appoints.
7. Announcement of Dates: The dates on which students will receive their hall passes are announced by the college.

**Continuous Formative Examination Rules**

The SIMS administers two exams as part of the Continuous Internal Assessment (CIA) every semester. The first is the one and a half-hour First Internal Examination, and the second is the three-hour (CBCS) and two-and-a-half-hour (NEP) Model Examination in anticipation of the end-of-semester University Examination. These tests are administered rigorously in accordance with the University's protocol (question papers, seating charts, schedules, etc.).

Each subject has a 40% passing grade. Both Formative and Summative Assessment exams are weighted in the computation of the IA grades. Parents and guardians can also track their ward's development and performance by viewing the assessment marks on Optra Technologies, the college portal.

Parents and guardians are informed about their students' performance on the First Formative Exam during the Parent-Teachers' Meet, which is held a few weeks following the exam. The class teacher and the parent/guardian discuss each student's academic performance.

The college calendar lists the dates of all scheduled CIA components, including exams. A minimum of 10 days prior to the exam's start, the schedule is released. Examination attendance is required. To miss the internal examinations, you must obtain prior authorization from the appropriate authorities.

To be eligible to write the Internal and Model Examinations, a candidate must have at least 85% attendance in each course.

The 30/40 marks allotted for the internal evaluation will be split up into the following categories:

## **Divyagjan Policy**

### **7.1 Provisions for Students with Disabilities**

To meet the requirements of students with disabilities during exams, SIMS's Office of Examination has established unique accommodation. The office of examination offers a range of amenities to meet the unique requirements of students with disabilities during exam time.

### **7.2 Appointment of Scribes**

Candidates who meet the requirements set forth by the SIMS and are qualified to use scribes' services may be appointed by the Chief Controller or the Controller of Examiners under the following circumstances:

- Anywhere in the world, a disability certificate issued by a qualified medical authority is recognized.
- Students with disabilities are permitted to use Scribe's facilities. • Students with disabilities may choose to use their own Scribe if given advance notice.
- The scribe-designate may not hold a position with the College.
- He or she cannot be a relative of one of the applicants who is taking the test.
- The scribe's educational background must be lower than the candidates'.
- You must get a proforma from the scribe that includes a declaration.
- The proforma, once signed by the scribe, needs to be sent to the Examination office.
- Using the scribe service is easy; all required information needs to be entered while filling out the form.
- Exams for students with disabilities are held at the examination centre, and the office is accessible to students with disabilities. The examination centre provides appropriate seating arrangements for administering exams.
- Candidates with disabilities who appear for an examination are granted the following accommodations: scribe services during the examination, additional time to finish the exam, based on the type and extent of their disability, subject to SIMS-mandated norms.
- Compensatory time for the examination is to be given to individuals who are permitted to use scribes as per the concessions mentioned below.

#### **Grievance Redressal**

Any type of grievance that the student might have pertaining to CIA, Internal and External Examinations, etc., must first be discussed with the concerned Class Coordinator / Program In charge / Assistant Dean. As far as possible, the problem should be resolved at this level.

Matters that are not resolved at the classroom level must be brought to the notice of the Grievance Redressal Committee.

- a) The grievance must be stated in the following proforma.
- b) It must be forwarded to the Coordinator of the Grievance Redressal Committee through the Controller of Examinations
- c) The Grievance Redressal Committee will meet at least three times in a year, twice after declaration of end semester results (June & December). Depending upon the urgency of the situation, short meetings could be called for.
- d) The Grievance Redressal Committee can invite the Student Counsellor, the Staff member reported to join the meeting, depending on the nature of the grievance.
- e) The Grievance Redressal Committee will meet and discuss the matter. The decision of the Committee will be communicated to the Chief Controller of Examination, Controller of Examination and the concerned parties, through the coordinator of the Grievance Committee.
- f) All malpractices in the examination and internal assessment will be referred to the Grievance Redressal Committee. The Committee will provide a fair chance to the students accused of malpractice and finally submit their findings to the Controller of Examination.

The Chief Controller of Examinations and Controller of Examinations will take action on the report of the Committee.

### Section-B

- HTML is a Hypertext Markup language where we can create the web pages by using the HTML tags and write the programmes.

Four tags :-

- \* **<HTML> element** :- To create a program we should start by opening like **<HTML>** and close the program by **</HTML>**  
Eg :- **<HTML>**  
**</HTML>**
- \* **<BODY> and <STYLE>** :- To creating the body we have to use **<BODY>** and closing **</BODY>** and styling of the program we put **<STYLE>** and closing the **</style>**  
Eg :- **<BODY>**  
**<a>** Enter the element **</a>**  
**</BODY>**  
**</HTML>**
- > **HTML link** :- we can add the links in the program.  
Eg :- **<a>** www.example.com **</a>**
- \* **HTML opening** :- There are 6 HTML to use in the program for H<sub>1</sub> to H<sub>6</sub>.  
Eg :- **<H<sub>1</sub>>** element **</H<sub>1</sub>>**  
**<H<sub>2</sub>>** element **</H<sub>2</sub>>**

<H3> elements </H3>

<H4> element </H4>

<H5> element </H5>

<H6> elements </H6>

4 → Break down :- We can break down the HTML program by adding <BR> .  
Eg :- <BR> ..... </BR>

11. Web Information Retrieval [IR] :- The process of information retrieval on the web. We can collect and share information from the web. A detail information can be collected.

1. Boolean Model.
2. Extended Boolean Model.
3. Probability Model.
4. Fuzzy Model.

1. Boolean Model :- The relevant information is only shared in the web like "AND, OR, NOT" are used in the query of the searched information.  
Eg :- CAT AND Dogs now it gives information about cats and also dogs.  
CAT NOT Dogs here it gives information only about the cat not the dog.

2. Extended Boolean Model :- It is same as boolean model but more information is shared with the "AND, OR, NOT".

## SOUNDARYA INSTITUTE OF MANAGEMENT AND SCIENCE

Soundarya Nagar, Sidedahalli Nagasandra Post  
Karnataka Bengaluru - 560073

3. Probability Model :- Where it only shared the information based on the probability in the web information retrieval.  
Eg:- CAT and DCG.

2. Critical Model :- Here the searched information is only shared by the web and nothing else information is shared. Present information is only shared.

1+4 Eg:- 'Climate change'. The climate is one word. 'change' is another word. The present climate information is shared.

13. Big Data :- It refers to the more data, information is shared in the web. The Big data consist of 7V that are Variable, Volume, Value, Velocity, Versatility, Virtualization, Verifiability. More data or information are seen in the web it is called as Big data.

We can access more data from the web over the internet. The amount of data that is generated and the data is presented and the speed that is covered and the quality of the information that are accessed and the value of the information everytime comes under the significance of Big data.

- ① \* Volume :: The <sup>amount or</sup> quantity of information is generated is considered as the volume in Big data.  
Eg :: The amount of data is accessed.
- \* Velocity :: The speed of the information that is generated within the time that is consumed.  
Eg :: Over 1.5 Million tweets are posted by second.
- \* Verisality :: The quality of information that can be accessed in the web.  
Eg :: The correct information is ~~share~~ generated.
- \* Value :: The value that represents the information is also important in the Big data.
- \* Visualization :: How it is presented ~~all~~ the necessary information by presenting all the information correctly.
- \* Veracality :: The amount of quality that can be shared in the data.
- \* Variability :: Here we can gathered any information from the data.

### 12 CSS in web development.

CSS means cascading search style. It helps in the web development to create a program by creating the different styles using the HTML also. In CSS we can create the styling like color, background, font size and adding images etc. with the help of the CSS tags.

1+2 CSS in web development is very useful for creating the program with the use of CSS tags. It is easy to create and also developing the web. CSS tags are also same as HTML tags. By adding the additional input for the project by creating creative projects. In so many ways CSS is very important in the web developing.

Section - C.

16. MVC architecture :-

MVC helps to create a software application. It is very helpful for creating any application.

MVC → Model view controller. It has majorly 3 parts that is 'input' → document, 'output' i.e. model and the controller → 'model and view'.

These are very used in the MVC architecture for understanding to create any application.

- i) Input.
- ii) Output.
- iii) Controller.

MVC architecture works on the controller where the view that represents the model that is output and by that it can create a software application. It is not directly linked between the two elements. It only helps to find the better software applications.

### **PARENTS – TEACHER – MEETING REPORT**

Parents Teacher Meeting was organized on 24-6-2023 from 10.00 to 1.00 pm for all the UG programs. Total 314 (135 First years, 98 Second years, 81 Final years) students' parents/guardians attended the meeting. Parents were informed prior regarding the meeting through optra, student whatsapp group and through postal cards. Each class teacher was provided with attendance report and internal test mark report generated through optra. During the meeting, the class teacher addressed the parents with respect to attendance, behaviour, Internal Assessment test performance, placements opportunities and institutional plans w.r.t student development programs.

Most of the parents asked about their ward's study progression and how they can improve more for upcoming exams. They were asked to advise their ward to work harder for next exam and college will also help them preparing better for future by giving regular assignments, solving doubts and remedial program. Few parents discussed attendance issues due to medical reason and few on due to unavoidable circumstances, They were informed about attendance criterion that includes medical leave and instructed to be regular henceforth.

Dr. Vasu B.A Principal & Director of SIMS, Prof. Shivakumar Ganachari IQAC Convenor, and Prof. Rekha C IQAC Coordinator welcomed the parents and interacted with them. The team monitored the overall meeting process and ensured the smooth conduct. After the interaction, Parents Feedback was collected and forwarded to Parents Teacher Meeting committee for reviewing.

### **Grievance Box Pic**

#### **Grievance Box Implementation**

The institution has implemented a Grievance Box system to ensure a transparent and effective mechanism for addressing student and faculty concerns. The box is strategically placed in accessible areas across the campus, allowing individuals to anonymously submit their grievances. All submissions are reviewed by a designated committee, ensuring prompt resolution in line with institutional policies. This initiative reflects our commitment to fostering a supportive and responsive educational environment.

### Examination Committee report on grievances addressed during the semester

#### Grievances Samples

The following are some of the key grievances faced by students recently:

**Case 1: Wrong Bubbling of the UUCMS Registration Number:** Some students have mistakenly bubbled the wrong registration number on their answer sheets, leading to potential discrepancies in their results.
